SENATE PASSES HOUSING BILL

MOST OF MINERS GO BACK TO WORK AS ORDERED BY LEWIS

FULL RESUMPTION OF OPERATIONS EXPECTED BY THIS WEEK-END

PITTSBURGH, April 22.—(AP)—Approximately 200,000 more soft coal miners today answered the return-to-work call of John L. Lewis. Incomplete reports indicated at least 330,000 of the 400,000 bituminous miners are now back at work.

Work resumption was heavy in the big coal states—West Virginia, Pennsylvania, Kentucky, and Ohio—besides Illinois, Alabama, Colorado, Virginia and Tennessee.

The rapidly shrinking list of idle now embranced these states: West Virginia, 20,000: Pennsylvania, 19,750: Kentucky, 5,000: Alabama, Virginia and Tennssee, all about 2,000 each; Utah 900. Five comparatively small producing areas were unreported.

Some Mines Shut

The figures, given out by union and operator sources, were rough estimates in some cases. In West Virginia, for example some mines were idle not because of the coal strike. Fifty-five small mines were shut in northern West Virginia because of a freight car shortage.

District officers of the United Mine Workers predicted more miners would be back tomorrow and the small remainder by Monday. Tomorrow is the date for Washington sentencing of Lewis and the union on a charge of civil contempt. The goverment pressed the charge of failure to obey a strike-halting injunction.

The Pennsylvania anthracite field, where 2,300 miners were idle in sympathy yesterday, reported only 1,000 off today. There are 80,000 hard coal miners.

A back to work movement which gathered force late yesterday continued full swing this morning. Over the nation, new mines resumed operations as day shifts donned lamps and went to work.

Delays in calling together local meetings for a formal vote on returning held up work resumption in

See MINERS, Page 8.

Lewis May Delay Miners' Pensions Until Case Clear

WASHINGTON, April 22—(AP)—John L. Lewis today postponed a miners' welfare fund trustee meeting until Monday after his $100 monthly miners' pension plan ran into a court challenge.

WASHINGTON, April 22.—(AP)—John L. Lewis today was reported leaning toward a delay in starting his $100 a month miners' pension in the face of blunt notice he might have to pay the bill himself.

Sources close to the mine leader said it is doubtful an afternoon meeting of the miners' welfare fund trustees will be held as schduled.

Lewis presumably called the conference to adopt rules and regulations for paying $100 monthly pensions from the still untapped $32,000,000 welfare fund.

Miners Going Back.

The report of a possible delay in pensions came as soft coal diggers streamed back to the pits in answer to Lewis' return-to-work call. Field estimates showed about 200,000 miners going back to work. This brought the number on the job to about 330,000 of a total of 400,000 miners.

Persons close to Senator Styles Bridges (R-NH) and Ezra Van Horn, pension fund trustees along

Strike Gained Lewis Nothing, But Cost Heavy

By JAMES MARLOW

WASHINGTON, April 22—(AP)—What did John L. Lewis gain by the coal strike and what was lost?

It isn't certain that Lewis gained anything. He supposedly won a pension for his miners. But now there's a court fight over that.

But what was lost is clear. For one month in which no miner worked and no coal was dug this happened:

The miners lost about $106,274,000 in wages.

Their welfare fund lost between $4,000,000 and $5,200,000.

Much Coal Lost

Coal not mined—about 52,000,000 tons.

Those figures can be considered a minimum. The full strike lasted from mid-March till mid-April.

But in the past week many thousands of miners stayed away from work. So coal production has been spotty.

In addition to the figures listed above, there were these losses:

The miners' union was fined $1,400,000 for contempt of court. Lewis was fined $20,000 for contempt of court, too.

$50,000 Work Daily

The government figures that when the mines are working full blast, the average number of men

DEMOCRATS EAT BARBECUE—The crowd that attended the $5-a-plate barbecue held in Fort Worth, Texas, April 20 by the State Democratic Executive Committee is served with food. The barbecue was held at the Will Rogers Memorial Coliseum and Auditorium. (AP Photo.)

No Party Bolt Voted By Texas Democratic Executive Committee, But Truman Civil Rights Program Blasted

By DAVE CHEAVENS

FORT WORTH, Tex., April 22—(AP)—If Texas Democrats follow the advice of a majority of their leaders, they will shun the Southern revolters.

The State Democratic Executive Committee yesterday beat down 35 to 14 a proposal modifying a party loyalty resolution, it criticized and praised President Truman, and voted in favor of a Texas delegation to the National Convention uninstructed as to candidates.

By a voice vote, the committee rejected a suggestion that the electors and delegates to the National Convention support the nominees of the party only if those nominees are in accord with the resolution adopted by the Southern Governors at Washington, rapping the president for his civil rights program.

All Recommendations

All the actions taken by the committee were recommendations that must go before the May 25 state presidential convention at Brownwood. They do not bind the party, but they are a tip-off of its general sentiment.

The recommendations were in line with suggestions made by Gov. Beauford H. Jester in his speech here Tuesday night.

Another important action, was passage of a resolution fixing the voting strength of the counties at the Brownwood convention. It will give each county one convention vote for each 500 votes or major fraction thereof cast by that county for governor in the last party primary.

Jester Speech Endorsed

The executive committee adopted just one major resolution.

It endorsed Jester's speech, urged precinct and county conventions to take forthright action "to protect our sovereignty and social institutions", recommended that the Texas delegation to the National convention seek restoration of the two-thirds rule, suggested that the delegates be instructed to fight for preservation of the tidelands and domestic water resources.

The resolution also suggested the Texas delegation should be instructed to oppose the destruction of "our social institutions by the fiat of congress."

The test vote came on this paragraph of the resolution:

"We recommend that the presidential electors and delegates selected (at the May convention), be outstanding and loyal Democrats who will faithfully carry out the mandates of the party as voiced in convention assembled, and who will accord full support to every nominee of the party."

Morris Roberts of Victoria, chairman of the resolutions committee, wanted to strike out the phrase "and who will accord full support to every nominee of the party."

Negro Vice-President?

He said he was a Democrat, always had been one, and believed he would always be one, but that some National convention action such as nominating a negro for vice-president might be more than he could take.

Roberts suggested the Texas delegation would be in a better bragaining position if it made some reservation such as he suggested.

Byron Skelton of Temple, French N. Robertson of Abilene and others disagreed.

"If we don't vote against this proposal we will walk into the trap set for us by the McGregor Democrats," Robertson said.

He was referring to the rival Democratic faction which is going all-out for Truman and accusing the party leadership of attempting

Call The Cops! Domino Set At City Hall Gone

BULLETIN—A missing set of dominoes that were removed from the city hall domino department Thursday morning and resulted in Police and Fire Commissioner J. E. Davant, Jr., halting all play, were returned at 1 p. m., Central Standard time, today.

BULLETIN—Non-playing edict of Police and Fire Commissioner J. E. Davant, Jr., was lifted at 1:01, Central Standard time, today.

By BOB CAMPBELL
Daily Sun Staff

Between the hours of 7 a. m. and 8 a. m. Wednesday somebody (and he hasn't been caught yet) created a crisis at the city hall, and at noon it had developed into the crisiest crisis of the year.

As matters stood at 11:30 a. m. Police Commissioner J. E. Davant was madder than the proverbial old wet hen, which is very mad, everybody knowing that an old wet hen can be terribly cantankerous and lose her temper at the drop of an egg.

There were those, a vast majority of those, who maintained that Commissioner Davant had the right to be mad.

Somebody between the hours of 7 a. m. and 8 a. m., took the domino set out of the fire department.

Situation Serious.

Just what happened to the dominoes created several conjectures, none of them very brilliant.

Some bluntly said a thief stole the deck.

Others said that they had been conveniently removed because of an increasing crowd.

Others said that inasmuch as

U. S. Steel Turns Down Wage Raise, Orders Price Cut

PITTSBURGH, April 22—(AP)—The U. S. Steel Corp., today denied a wage increase demanded by the CIO United Steelworkers and announced price cuts totalling almost $25,000,000 for its products.

The price cuts are effective May 1.

Philip Murray, president of the CIO and the steelworkers' union, asserted the corporation had denied "a just and much needed wage increase." His statement emphasized, however, that the union would continue to live up to a no-strike pledge in a two-year contract, reopened for wage discussion.

Benjamin F. Fairless, steel corporation president, declared the unspecified wage increase had been denied and the price cuts effected "in an ffort to halt further advances in living costs."

Murray said in a statement:

"We charge that the corporation has not negotiated in good faith on the wage issue."

"We contend that the corporation has not given adequate consideration to the immediate and pressing needs of its steel worker employes. We assert that it has not recognized the increase in the cost of living which has occurred."

BEATEN COMMUNISTS IN ITALY WARNED TO KEEP PLACE

REDS DENY INTENTION TO USE VIOLENCE TO UPSET ELECTION LOSS

ROME, April 22.—(AP)—Premier Alcide De Gasperi warned Italy's whipped Communists today to keep their place.

Palmiro Togliatti, secretary general of the Communists, said his followers "have no intention of using force or violence" to upset the results of the election. But he charged in the Communist newspaper L'Unita that the balloting

POPE HAILS RESULT

ROME, April 22.—(AP)—Pope Pius XII, is a formal statement to the American Press, said today the Italian elections "will be memorable in the annals of Italian history."

"An entire people," the pope said, "has given proof of its grave sense of civic duty and the skies of Italy are brighter with hope x x x x."

was influenced by "brutal foreign intervention" in the form of threats of atom bombs and starvation.

De Gasperi, leader of the victorious Christian Democrats who claim an absolute majority in the new chamber of deputies, assailed as fantastic the Communist declaration that coercion from the United States was responsible for the defeat of the Communist-led Popular Front.

"Grave Accusation"

De Gasperi told a news conference this was a "very grave accusation." Actually, De Gasperi ence this was a "very grace ac-United States several weeks ago to send a large quantity of wheat to Italy by May. He added:

"If the United States had acted as Togliatti alleges, it would have been a fine opportunity for the United States to say that it would give the wheat to one government but not to another."

Instead, De Gasperi continued, the United States agreed at once.

The Premier said the Communists and their left-wing Socialist allies have nothing to fear from the new government if they do not cause trouble. Leftist leaders have expressed fear the Christian Democrats would use their new strength to outlaw the far leftist parties

Reds Propose New "Restrictions" On Reich Air Travel

BERLIN, April 22.—(AP)—A Russian commission recommended rigid new restrictions today on air traffic of the Western allies in and out of Berlin.

The six-man commission, set up to investigate a British-Russian plane collision, urged that the Soviet commander, Marshal Vassily D. Sokolossky:

(1) require that the Americans, British and French give 24 hours' notice of their flights through corridors over the Russian occupation zone, with "details about the planes and their passengers."

(2) Prohibit those Allies from making any corridor flight by night, in clouds, in the stratosphere or under other circumstances "in which the plane cannot be seen from the ground."

The commission said only such "strict regulations" could prevent

30 New Members Are Added To Corsicana C Of C

Thirty new members have been added to the Chamber of Commerce in two days of a campaign launched Tuesday, it was announced Thursday by Herman Brown, manager.

The first day 19 new members were reported, and Wednesday 11 more were added.

The additions brought the Chamber's strength up to 357, it was reported by Brown.

The campaign, being conducted by two-men teams under the direction of R. C. Harkins and L. A. Vaughn, team captains, will continue only through this week. After that the membership committee headed by T. L. Carlisle, will take over.

The drive has been spurred by prizes offered by Corsicana merchants to the first and second highest teams in the drive.

The following new members were reported Thursday:

Day and Night Garage, E. E. White, Rufus Pevehouse, Sanitary Laundry, W. W. Green Shoe Shop, Jimmy Lorimer Service Station, Roe, Ralston and McWilliams, attorneys; Buna Carr Music Co., The Record Shop, Please-U Candy Co., Floyd Hardy of Hardy's Grocery, C. L. McManus.

Lone Star Steel Stock Good Buy, Publisher Says

DALLAS, April 22.—(AP)—Carl Estes, Longview publisher, said today he had placed a "substantial order" for Lone Star Steel Corporation stock at $10 a share with Raucher, Pierce and Co., Dallas brokers.

He told a reporter at the same time:

"Anyone who sells his stock at $6.75 a share is a sucker and anyone who sells it to me at $10 a share is a bigger sucker.

"However, if you must sell yours I want you to get at least a fraction of its true value."

Estes, a leader in promotion of the Lone Star, declared that "a statement issued in Dallas Wednesday that the stock was selling over the counter in Dallas for $6.75 per share could have had the effect of driving the stock down."

He added:

"East Texxas has a gold mine—this time it is the Lone Star Steel Corporation. Fourteen years ago, certain big oil interests drove the price of crude down to five cents a barrel. When I fought them for a seat the market table of the oil world, those who fought with me today are riding in Rolls Royces and Cadillacs and their wives are wearing mink coats and diamond rings as big as ice cubes.

"I see in the present battle a direct anaaogy. They are building skyscrapers in Dallas on East Texas oil money. They'll be building them a few years hence on East Texas ore money."

Lone Star Steel Deal Makes New York Woman $2,000,000

NEW YORK, April 22—(AP)—Slight, blonde Miss Alice G. Hansen, who found a $2,000,000 pot of gold in the East Texas iron ore fields, said today of her contract with the Lone Star Steel Corporation:

"I just thought it was a good investment and a good product."

Eugene B. Germany, Lone Star president, told the stockholders on Tuesday that Miss Hansen stands to profit at least $2,000,000 through her contract to buy 105,000 tons of pig iron at about $40 a ton. The pig iron cast at Daingerfield is now selling for $75 a ton.

Located in New York

Germany identified the contractor only as "a Miss Alice G. Hansen." She was located yesterday in her three-room office on Madison Avenue, where for seven years as president of the Pittsburgh Mill Steel Co., Inc., she has gone quietly about a business associated only with men.

Reversing the silk-purse-sows ear adage, Miss Hansen made her fortune from yet unborn iron pigs. She signed the contract in Washington in March, 1947, many months before the first iron was poured at Daingerfield.

Of Miss Hansen Germany said: "To handle this deal she invested no money with us, bought no stock, no debentures and advanced none of the purchase price for our use. Why she was given such a contract we have been unable to determine."

Original Contract Cited

Miss Hansen is five feet, and weighs 120 pounds. Her age is in "the early thirties." Her father, a retired banker, died many years ago. Her home is in Scarsdale, N. Y.

Germany's report said that Miss Hansen's contract originally called for one-third of the plant's production capacity, but that she had been persuaded to accept 10 per cent of production until the contract is filled.

He said as far as the company records go she did not "manufacture any product from this pig, but was simply a broker who wished to engage in the business of buying and re-selling our pig iron at a profit."

"Tremendous Donation"

"Besides this tremendous donation of the stockholders for the benefit of this woman we are plagued with another very serious difficulty in that in many instances where we are negotiating with the sale of our product at $75 a ton she goes to the same customers and undercuts us a few dollors a ton, thus making the problem of marketing our product, and making firm contracts extremely difficult," Germany said.

The contract was negotiated before Germany became president last year.

Jewish Forces Win Bitter Battle For Haifa Port As UN Continues Arguments

HAIFA, Palestine, April 22.—(AP)—An Arab spokesman said tonight the Arabs will get out of this port city, one of the richest prizes in the Holy Land's civil war.

HAIFA, Palestine, April 22.—(AP)—Jews virtually seized control today of Palestine's richest port city of Haifa after heavy all-night fighting.

Arab leaders sued for peace, asking British military authorities to mediate.

"It was a massacre," said one Arab spokesman. "It was another Stalingrad. We were not prepared."

Cease Fire Ordered.

By request of the British, the Jewish military force Haganah issued a cease-fire order shortly after noon.

A Haganah spokesman said terms handed the Arab National committee included:

Disarmament of all Arab forces and surrender of all arms.

Freedom of movement in all parts of Haifa with an end to sniping and roadblocks.

Delivery of all foreign Arab

See PALESTINE, Page 4

LAKE SUCCESS, April 22.—(AP)—Australia demanded today that the United Nations proceed immediately to carry out partitioning of Palestine.

The Soviet-Satellite bloc also reopened its attack on the United States proposal to shift from partition to trusteeship.

In a direct challenge to the American proposal to discard partition, Australia laid a three-point demand before the 58-member political committee of the U. N. General Assembly.

Three Moves Demanded.

The Australian resolution proposed that the Assembly direct the five-nation Palestine partition commission to:

1. Proceed immediately with the creation of provisionel councils of government for the projected Jewish and Arab countries in Palestine and with the establishment of local militia forces for the two new countries.

2. Take over the civil administration in Palestine in cooperation with one or both of the provisional governments when Britain terminates the mandate May 15.

3. Call on the Arab countries to prohibit their nationals from taking part in the Palestine fighting.

France Asks Safeguard.

France pleaded before the committee for urgent action to safeguard Jerusalem's people and holy relics.

The French proposal was laid before the 58-nation political committee of the General Assembly by Alexandre Parodi as the committee resumed general debate on the Palestine crisis.

Parodi proposed that the U. N. trusteeship council be authorized "to take the necessary steps to insure the protection of the city and of its inhabitants."

Parodi asked that the French measure be given top priority so that the U. N. trusteeship council could begin consultations at once on recruiting of an emergency police force for Jerusalem.

U. S. Troop Use Seen.

In Washington administration officials predicted today that President Truman will ask Congress to approve any use of American troops to police Palestine.

This apparently does not rule out the chance that the President might in an extreme emergency, order limited forces into the Holy Land to protect American lives and property.

Marines might be used in that event.

Warren R. Austin, American del-

$5,000 Grant Given Youth Council By Local Foundation

A long-sought goal of the Corsicana Youth Council—to organize the community in combatting juvenile delinquency and improving the health and welfare of all citizens—is almost a reality.

Part of the funds necessary to achieve this goal have been granted by the Navarro Community Foundation, it was learned Wednesday.

Dr. Wells Stephens, council president, and Eugene Robinson, executive secretary of the Foundation, announced that $5,000 had been granted for the purpose of paying an executive director's salary for one year.

Director Planned

The Youth Council executive director would tackle the problem of community organization.

Dr. Stephens had planned to announce the Foundation's grant at a meeting of the Youth Council Thursday night when the annual election of officers was to be held, but the session was postponed un-

Detroit Police Working On 'Hot Tip' In Big Search For Gunman Who Shot Walter Reuther; Huge Reward Posted

DETROIT, April 22—(AP)—Police said they are working on a "hot tip" today in Detroit's great manhunt for the gunman who shot the CIO's Walter P. Reuther.

Chief of Detectives Jack Harvill said three union members would be brought in for questioning at once. He did not identify them further.

"We have a hot tip," Harvill told newsmen. "It looks good. That's all I can say."

His officers, meanwhile, checked an empty shell that may have come from the shotgun in the hands of Reuther's assailant.

William Muntford, a 16-year-old neighbor, found the empty 16-gauge shell near the curb on a street not far from Reuther's home. Witnesses told police the getaway car—a red sedan—traveled at high speed down the same street.

Sifting through the pile of possibilities, officers questioned dozens of the friends and enemies the fiery union leader had made on his climb to the presidency of the CIO United Auto Workers.

But despite the offer of rewards totalling $117,900—perhaps the largest in the nation's history—real clues to the Tuesday night shooting remained rare.

Reuther himself, lying in New Grace Hospital with his shattered right arm suspended in a traction cast, could offer few idens.

Following one of the scant clues police checked all garages in the locality to find the red sedan that was seen dashing away from Reuther's house a moment ofter the stealthy assailant fired a shotgun blast through a window.

MRS. REUTHER AT BEDSIDE OF HUSBAND—Mrs. Mae Reuther is shown above at the hospital bedside of her husband, Walter, CIO United Auto Workers president, who was seriously wounded when an unknown assailant fired a shotgun blast through the window of their Detroit, Mich., home. (AP Wirephoto.)

LONG-RANGE PROGRAM WOULD AID BUILDING OF 15,000,000 HOMES

FARM PROGRAM, BOOST FOR PARALYZED VETS INCLUDED IN MEASURE

WSHINGTON, April 22.—(AP)—The senate today passed the Taft-Ellender-Wagner long range housing bill designed to spur home building in America. Passage was by a voice vote.

The senate passed the bill after adding a $268,500,000 farm housing program.

By a voice vote, the senate adopted an amendment by Senators Young (R-ND) and Russell (D-Ga) providing for federal subsidies and loans to farmers.

Amendment Approved.

This action came shortly after approval of an amendment authorizing the government to pay half the cost of houses for severely paralyzed veterans.

The farm housing program would be under direction of the agriculture department. Loans would be up to 33 years at no more than 4 percent interest.

The goal of the bill is building of 15,000,000 new homes in the next 10 years.

House Fate Uncertain.

The bill now goes to an uncertain fate in the house.

The T-E-W bill liberalizes home loan terms, contains profit incentives for construction of houses to rent, and sets up a slum clearance program.

Sponsors have estimated the direct cost of housing program at about $150,000,000 a year. In addition, it provides for up to $1,500,000,000 in loans and for insurance of more than $2,500,000,000 worth of loans.

Three Conditions.

The Young-Russell amendment would qualify a farmer for a loan during the next four years on a showing that:

1. He is the owner of a farm "which is without a decent, safe and sanitary dwelling."

2. He is without "sufficient resources to provide the necessary housing on his own account."

3. He is unable to obtain a loan from other sources on reasonable terms.

New Secretary Of Commerce Charles Sawyer Of Ohio

WASHINGTON, April 22—(AP)—President Truman today nominated former Ambassador Charles Sawyer of Ohio to be Secretary of Commerce.

Presidential Secretary Charles G Ross said Sawyer's nomination probably will go to the senate today, along with that of W. Averell Harriman to be "roving Ambassador" under the European recovery program.

Mr. Truman offered the commerce post to Sawyer by long distance telephone last night after Harriman agreed to give up that position to take over the ERP job.

Ross said Sawyer telephoned Mr. Truman today from his home at Cincinnati to accept the appointment.

The 61-year-old Cncinnati lawyer has been a frequent White House caller.

The same administration authorities said Mr. Truman also hopes to decide on a new secretary of agriculture before Clinton P. Anderson steps out next month to run for the Democratic Senatorial nomination in New Mexico.

They said the president has given no indication whom he has in mind for that cabinet job.

A member of the Cincinnati city council from 1911 to 1915, Sawyer served as Lieutenant Governor in 1938 and as Democratic National Committeeman from 1936 to 1944.

He was ambassador to Belgium in 1944 and 1945.

Congress Gaining On 2 Major Bills; Other Issues Eyed

WASHINGTON, April 22—(AP)—Congress was making progress today on housing and defense but fights still brewed over cotton prices, liquor advertisements and other matters.

Here's what was happening:

Defense—Secretary of Defense Forrestal offered a compromise 66-group air force proposal in the fight between members of congress—many of whom want 70 groups—and the administration—which has urged 55.

Forrestal told the senate armed services committee that while an extra 15 groups would cost $9,000,000,000, an extra 11 could be held to only $181,000,000 by taking wartime planes out of moth-balls instead of ordering new ones.

Chairman Gurney (R-SD), relaying this information to reporters after Forrestal had testified behind closed doors, said he thought the proposal was a good one. The house already had indicated it wants the 70 groups.

Program Is Given By Frost Baptist For Brotherhood

Frost Baptist church provided an interesting program Monday nigmt at the April sessions of the Corsicana Baptist District Brothrehood at the North Side Baptist church.

T. S. Patrick, Corsicana, brotherhood president, presided. Rev. Jack Goff, host pastor, welcomed the visitors. Dr. J. J. Sheppard, Frost, led the group singing. E. C. Butler, Emhouse, program chairman, presented W. B. Denn of Frost, chairman of the Monday evening program.

Mrs. Collins Hanna of Frost, soloist, was presented in two numbers, "Back To Bethel" and "Speak To My Heart," with Mrs. H. C. Martin of Italy as accompanist.

Dr. Sheppard spoke on why men should be in Sunday School, and the importance of taking children to Sunday School instead of sending them.

Glenn Cypert of Frost spoke of the man's place in Training Union, pointing out that the union trains where the Sunday School teaches and encourages the youth to speak, think, etc

Rev. C. C. Ellis, pastor of the Frost church, pointed out the influence a man has on a boy in leading him either right or wrong.

"A boy somewhere needs you to put him on the right track," the pastor admonished, and added that many boys are watching the men for their attitude toward church since they are models of the youngsters.

Churches represented included Calvary, Memorial, First and Northside, all of Corsicana: Emhouse, Frost, Navarro Mills and Richland.

Ice cream and cake was served the group following the program.

Club News

Bazette H.-D. Club.

The Bazette Home Demonstration Club held its regular meeting on April 14 in the home of Mrs. Glasgow.

The house was called to order by the president, Mrs. Homer Marshall. The group sang several songs, and answered roll call with what kind of rug they would like to make.

Mrs. Claude Marshall and Mrs. Wilson gave demonstrations on rug making.

Mrs. Jess Wilson was elected to serve as secretary in the place of Mrs. Colvin, who is moving away. Refreshments were served to 14 regular members and one new member, Mrs. Ben Lancaster, and one visitor, Mrs. Bud Reagan. The next meeting is scheduled for April 28 with Mrs. Homer Marshall as hostess.

All Woodmen

—Urged to be present this Friday night to participate in a class initiation, 7:30 o'clock, K. of P. Hall.

Lone Star Steel HurdlesProblems; Shakes Up Board

DALLAS, April 21.—(AP)—The Lone Star Steel Corporation, which poured its first pig iron from East Texas ore less than six months ago, entered a new era of expansion today with its stockholders solidly behind the directors and management.

The stockholders, at their annual meeting here yesterday, unanimously authorized the directors to borrow up to $20,000,000 for refinancing and expansion purposes.

They also unanimously voted confidence in the management and directors, on motion of Carl L. Estes, Longview publisher and early leader in promotion of the plant at Daingerfield, who had peppered the directors with an hour-long list of questions concerning the management's past actions.

Expansion Authorized

The authorized expansion plan includes a steel pipe plant. E. B. Germany corporation president, told the meeting that the plant is "the only sure plan for making the Lone Star secure in its future operations" after pig iron prices—now $75 a ton on the open market—reach "a more normal stage."

Germany related to the stockholder how two contracts executed in the company's early stage are draining the profits by at least $2,400,000. One of the contracts stands to give a $2,000,000 or more profit to a New York woman, Miss Alice Hansen.

Compromise Directors

It was on these contracts that Estes centered his chief fire.

The stockholders elected a compromise slate of directors, offered by Jack Owen of Tyler, son of C. E. Owen, largest single stockholder. It omitted the names of eight present directors and added nine new ones.

Proposed as a substitute for a slate of new directors offered by Estes, the Owen group was approved by votes representing 646,188 shares of stock, with the opposition mustering 140 050 shares.

Corsicanan Eliminated

Eliminated from the board were Gus S. Blankenship, Jacksonville; J. N. Edens, Corsicana; W. O. Orvin, Daingerfield; George Melly, Longview; R. M. Kelly, Longview; E. L. Kurth, Lufkin; George M. Sonfield, Beaumont, and W. R. Hughes, Texarkana.

New directors include Watson Wise, Joseph M. Haddad, A. S. Genecov, Carl Shamburger and Dr. E. H. Vaughn, all of Tyler; Ellie Hopkins, O. T. Welch and Clifton W. Brannon, all of Longview; and George D. Ramsay, Daingerfield, vice-president and generr' manager of the company.

Renamed to the board were John W. Carpenter, chairman; E. B. Germany, president; Nathan Adams Fred F. Florence, Robert L. Thornton, Releigh Hortenstine, Tyree L. Bell and Charles R. Moore, all of Dallas; R. W. Wortham, Paris; Roy H. Laird, Kilgore; Henry M. Bell and C. E. Owen, both of Tyler; and V. A. Clements, Longview.

Peaceful Settlement

Th "battle of proxies" brought a peaceful conclusion to a drama-packed session at which stockholders overflowed into the corridor from the Mercantile Bank Building Auditorium.

Most of the fireworks were ignited by Estes, who fired his questions from a stretcher cot.

Germany's report disclosed several situations he described as "our troubles," one concerning a dispute over contract negotiations with W. O. Irwin of Daingerfield, a director of the company, for royalty fees for ore on between 4,500 and 5,000 acres checkerboarded among out properties owned by the company.

Contracts Negotiated

He also related that Dr. George H. Anderson, a former vice-president of Lone Star, had negotiated sales contracts with Harry Gale, identified as a Washington steel and iron broker, and Miss Hansen, president of Pittsburgh Mill Steel Company, for large tonnages of Lone Star pig iron at prices far below the now prevailing prices.

Germany said these contracts, executed without knowledge of the Lone Star board, would permit Gale and Miss Hansen to realize profits of about $400,000 and $2,000,000, respectively, by the time of their fulfillment.

Germany stressed that the present management had known nothing of these deals when it took over operation of the company. He declared that both contracts have since been negotiated on a more favorable basis, but that the profits of Gale and Miss Hansen "would have been even greater" if carried out on the original delivery schedules.

Commission Will Study Request For Negro Policeman

Corsicana negroes have made formal request for a member of their race to be added to the police department for work in their business and residential areas.

The request was presented to the city commission Tuesday afternoon by Ben Morgan, one of Corsicana's leading negroes, who said his committee represented "six thousand negro residents."

Accompaning Morgan was Dr. L. L. Smith, negro dentist; Rev. A. L. Moore and Mrs. Harris Rogers.

Morgan said he believed the addition would be advantageous to all concerned, and said that in other cities where the negro had been given a place in uniform he had drawn the "admiration and respect" of his own race.

The matter was referred to Police and Fire Commissioner J. E. Davant, Jr., who was to discuss it with Police Chief Bruce Nutt.

The police department itself was up for discussion as Davant again brought before the commission the matter of the long hours patrolmen as well as firemen must work.

Davant said firemen work 24 hours a day, get off every fifth day. He said the members of the police department work a solid 12 hours a day.

He told the commission that addition of three firemen would allow them to work two 24-hour days, and be off one, and that four more policemen would cut the working day to eight hours.

Addition of the new men, not including the suggested negro policeman, would boost salary costs $1,050 a month, it was noted at the meeting.

The commissioners suggested that inasmuch as the new budget now is being drafted that no action be taken on the matter at this time, but indications were the salaries would be included in the list of potential expenditures.

The commission did not discuss the bid for a negro policeman.

Corsicana Girl Receives Honor At Ward-Belmont

The Saturday, April 17, issue of Ward-Belmont Hyphen, published at Nashville, Tenn., featured on page one the election of compus officers of '48 and '49

A picture of Miss Mary Thompson, daughter of Mr. and Mrs. Wilbur Thompson, Corsicana, was prominently displayed on the first page with the announcement that she had been elected president of C. G. O.

Election details carried by the school paper said: "Elections were held Friday, April 9, for officers of several campus organizations for the coming year.

"Mary Thompson, an Anti-Pan from Corsicana, Texas, was named president of the CGO and Peggy Moyers, X. L., is the new vice-president. Peggy is from Fayetteville, Tenn."

A six-column banner across page one announced the election results: "Thompson, Moyers Elected C. G. O. Heads."

The list of staff members of the publication also includes the name of Ann Polk, daughter of Mr. and Mrs. Ed M. Polk, Corsicana.

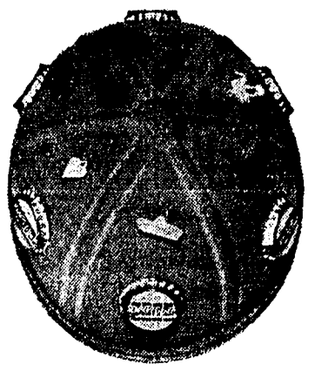

Ask Construction Of New Sewer Line

Zion's Rest residents are circulating a contract calling for construction of an 8-inch sewer line in the recently-annexed addition.

The residents, who will pay $2,280 to the 1,800-foot extension, in line with the city's rule for new sewer lines, hope to have it run from Avenue H to the Burlington, Rock Island crossing.

Fred V. Blucher, city engineer, also announced that residents of West First Avenue from Twenty-fifth to Twenty-Sixth streets have a contract for paving. They will pay two-thirds of the cost, the city one-third.

THURSDAY SERVICES FOR MRS. ROBT. KENT; BURIAL IN OAKWOOD

Funeral services for Mrs. Robert Kent, 78, who died late Tuesday following a several weeks' illness, were held Thursday afternoon at 4 o'clock from the McCammon Chapel. Burial was in Oakwood cemetery. The rites were conducted by Rev. W. R. Hall, Marlin, Presbyterian minister, formerly of Corsicana, and Dr. Jared I. Cartlidge, pastor of the First Baptist church.

Native of Cornersville, Tenn., Mrs. Kent came to Texas with her parents, the late Mr. and Mrs. J. W. Kelly, when a young girl. She was married to the late Robert I Kent, Dec. 22, 1892, and they resided in the Mildred community until 25 years ago when the family moved to Corsicana.

A long-time member of the Presbyterian church, Mrs. Kent was active in the church and in the Garden club.

Survivors are three daughters, Mrs. J. H. McGilvary, Streetman; Mrs. T. O. Wills and Mrs. Robert Davidson, both of Corsicana; a sister, Mrs. Della L. Clark, Wichita Falls; three grandchildren, Louise and Angus Kent McGilvary, both of Streetman, and Helen Wills, Corsicana, and a number of other relatives.

Pallbearers were W. P. McCammon, Halsey Settle, Tate Lindsey, W. M. Davidson, Wayne Milligan and John Hughes.

Honorary pallbearers were friends of the family.

Navarro County A&M Exes Club Formed At Muster; Officers Named

A Texas A. and M. Exes Club for Navarro County was reorganized at a meeting of ex-Aggies Wednesday night in the Blue room of George's Grill, and Jack Everhart of Corsicana, was unanimously elected president.

The annual Aggie muster marked the 45th consecutive year that the A. and M. Exes have gathered in a traditional commemoration of the men who have lost their lives in armed conflicts.

Other Officers

Other officers named were:

W. S. Price, mayor of Kerens, vice president; and Cullen Dunn, Corsicana, also vice president: and Roy Cloud of Kerens, secretary and treasurer.

H. L. Roberts and Don York, both of Corsicana, Glynn Sybert of Frost and Sam Garrett of Angus, were named directors of the revived organization.

Everhart acted as chairman of the dinner-meeting, at which some 50 former A. and M. students from the class of 1910 to current students from throughout the county attended.

R. S. Reading of Corsicana, 1910 class, represened the "oldest" ex-Aggie.

Active Organization

The proposal to form the Exes organization was submitted by Everhart, W. V. Mowlam and Don York, who reported he had seen numerous active organizations of ex-Aggies throughout the nation and in many foreign countries.

Everhart appointed a program committee composed of Tiny Keen, Corsicana, chairman; George Gillespie, Corsicana; and W. S. Price. It was decided to hold quarterly meetings—in the summer, fall winter and spring. One dollar annual dues were voted.

A recording of the Aggie Muster program which was broadcast from College Station Wednesday at 6 p. m. was played through the courtesy of J. M. Dyer Co.

Two Die In Auto Wreck Near Dallas

DALLAS, April 22.—(AP)—Two persons were killed and another critically injured early today when their car overturned several times on U. S. Highway 67 near here.

Killed were Milo Francis Benningfield, 33, of Dallas and an unidentified man about 30 years of age.

Housefly Major Enemy To Health, State Doctor Says

AUSTIN, April 22.—(Spl.)—The ordinary housefly is an enemy to health, and is one of the agents most commonly responsible for the spread of disease throughout the nation, according to Dr. Geo. W. Cox, State Health Officer. Typhoid fever, dysentery, and many other intestinal diseases can often be traced to the common housefly as the carrier of infection.

Speaking in this connection, Dr. Cox advised: "Be sure that your windows and doors are tightly screened so that stray flies will not endanger the health of your family. Keep flies away from food, drink, and utensils used in the preparation of food. Make sure, if you live in rural districts, that outside privy vaults are tightly covered so as not to permit the entrance of flies. Infections from this source can be picked up by flies and spread to human beings through contact with food, drink, and utensils. Keep all garbage covered until collected or buried. Eliminate all breeding places for flies and you will be helping your community in its work of controlling communicable diseases and preventing unnecessary illness."

Dr. Cox said that the State Health Department would furnish upon request a pamphleet outlining safe and practical methods recommended for use in fly control.

1949 Lincoln And Mercury Cars Are On Display Here

Lincoln and Mercury 1949 models were exhibited Wednesday night at the Sam Bigham Motor Company to the Corsicana automobile dealers.

The Lincoln is on public display Thursday, while the new Mercury will not be publicly shown until April 29, the dealer stated.

Models include the Lincoln Continental, 152 HP, 125 wheelbase; Lincoln Cosmopolitan, 152 HP, 121 wheelbase, and the regular Lincoln 152 HP, and 121 inch wheelbase.

The Mercury will remain 118-in. wheelbase.

That the 1949 models are entirely different from previous models, is shown by the fact that only 13 per cent of the parts of the models are interchangeable with the new types—making the claim of the Ford Motor Company spokesman of a new car from the ground up literally true.

The new 152-horsepower V-8 engine is cradled in a K-type frame.

Improved ride results from Hotchkiss drive, combined with longitudinal, permanently lubricated semi-elliptic springs, tension shackles and transversely mounted shock absorbers.

Front coil springs, insulated with rubber, are mounted in wishbone shaped pressed steel arms.

Improved steering is a feature and brakes are of the duo-servo type.

Automatic overdrive is available at extra cost as factory installed equipment.

Civil Service Exam.

A civil service examination for physical therapists at salaries ranging from $2,644 to $5,905 per year will be held. The positions are located in the U. S. Public Health Service, the Children's Bureau, St. Elizabeth's Hospital and other federal agencies (except the Veterans' Administration) in Washington, D. C., and in Public Health Service and Marine Hospitals throughout the U. S.

Application blanks and information can be secured from W. C. Galloway at the post office.

President to Speak.

WASHINGTON, April 22.—(AP)—President Truman will speak at commencement exercises at the University of California on June 12.

The White House announced that Mr. Truman accepted today a personal invitation from University President Robert C. Sproul.

The president's address will be made at 4:30 p. m. Central Standard Time, on June 12.

IN APPRECIATION.

We wish to express our appreciation to our friends here and at Ennis, and to Drs Shell and the nurses for their kindness to our son and brother, R. G Daniel at the time of his death.—The Daniel Family.

Funeral Services Held Wednesday For Two Local Brothers Killed In Action

Funeral services for 1st Lt. Elliott H. Beale, 22, and Pvt. Robert Eugene Beale, 20, brothers, killed in the European sector, were held Wednesday afternoon at 3 o'clock from the McCammon Funeral Chapel. Burial was in Oakwood cemetery.

The rites were conducted by Dr. Jared I. Cartlidge, pastor of the First Baptist church. Military rites were given at the graveside by American Legion. Members of the American Legion were pallbearers.

Both soldiers were born and reared near Corsicana and were graduates of Corsicana High School.

Lieut. Beale was killed in a plane crash, June 11, 1944, in the Normandy Beach invasion, while Pvt. Beale was killed in Luxembourg, Jan. 28, 1945, with the famous Third Army.

Lieut. Beale is survived by his wife, the former Fayrene Barron of Corsicana, now of San Antonio.

Surviving the brothers are the parents, Mr. and Mrs. R. H. Beale, of Dallas; two sisters, Miss Nellie Beale and Mrs. Mattie Tedder, both of Dallas, and two brothers, Radford Beale, Dallas, and Allen Beale, Sudan.

Man Who Helped Trap Clyde And Bonnie Is Dead

COUSHATTA, La., April 22—(AP)—The man whom Sheriff Ray G. Adcock said helped lay a final trap for Clyde Barrow and Bonnie Parker is dead.

Adcock identified a man killed by a train at Sulphur, La., Tuesday as Henry Methvin, former pal of gangster Barrow and his girl friend Bonnie.

Methvin was crushed to death at Sulphur when he apparently tried to crawl across the tracks beneath a moving train. Funeral services were held here yesterday.

With Desperadoes

"You can tell the people in Texas and Oklahoma that the man killed near Lake Charles is the Henry Methvin who was with Barrow and Parker," Adcock said, adding he had known Methvin all of Methvin's life.

Barrow and his cigar-smoking sweetheart were credited with 12 killings before they were slain near Gibsland, La., May 24, 1934. At that time Frank Hamer, a veteran Texas Ranger, said Methvin had arranged for Barrow and Bonnie to travel down the gravel road on which they were shot to death from ambush.

Methvin then was on parole from the Texas prison after serving part of a 10-year sentence for robbery.

FARMER BAPTIST TO HOLD ANNIVERSARY HOMECOMING SERVICE

The Farmer Baptist Church will hold anniversary and Home Coming services Sunday as follows:

Sunday school 10 a. m.

Sermon—Rev. M. O. Southerland 11 a. m.

Noon—Dinner on the ground.

Song service 2 p. m.

Sermon—Rev. Jack Goff 2:15 p.m.

Testimony service—What Farmer church has meant to me.

Singing—All singers invited to attend and take part in the singing. Come in time for dinner—enoogh for every one. Come and enjoy the hospitality and fellowship of the Farmer community.

Preaching by the pastor at 7:30 p. m.

Stevenson To Speak.

PARIS, April 22.—(AP)—Former Governor Coke Stevenson, a candidate for the U. S. Senate, will be the main speaker at Senior Day activities at Paris Junior college tomorrow. State Senator A. M. Aikin, Paris, will introduce Stevenson.

PALESTINE

CONTINUED FROM FIRST PAGE

troops to Haganah for immediate deportation.

Surrender of all German Nazis.

A 24-hour curfew during which the Arab disarmamenet would be carried out.

One Arab spokesman declared: "Many women and children in Arab areas were shot as they attempted to flee into the port area."

The port area is controlled by British security forces. A Haganah spokesman denied the accusation.

The Haganah spokesman said the Jewish attackers suffered four killed and 32 or 34 wounded. He estimated the Arab dead at "not more than 20."

Haganah forces, aided by one detachment of the unuderground organization Irgun Zval Leumi, moved down from the all-Jewish area of Hadar Carmel halfway up Mount Carmel.

"We used mortars, bren guns and sten guns in an attack which lasted much less longer than we thought would be necessary," the spokesman said. "One unit of Irgun was with us. They wanted to participate and we weren't prepared to say no."

CONGRESS

CONTINUED FROM FIRST PAGE

Federal Scientist Edward U. Condon was adopted in the house today by a landslide vote.

No action by the senate or President Truman is needed to complete action on the measure.

The house un-American activities committee, plans to go into Condon's activities at hearings next month.

Dr. Condon is director of the Bureau of Standards, which tests some of the government's most secret military developments.

What will happen if the commerce department still refuses to turn over the letter remained an unanswered question.

The committee has called Condon one of the weakest links in America's atomic security, the government scientist has denied that.

The disputed letter was sent to the commerce department's loyalty board by FBI Director J. Edgar Hoover.

Agriculture — House members from farming country, already mixed up in a hot fight over oleomargerine taxes, battled today over which committee should handle legislation setting up new farm support prices.

The oleo fight is between representatives from dairy country, who want the special taxes continued, and those from the South who want them stopped. Southern cottonseed oil and peanut oil are used in oleo.

Liquor Advertising—The president of the Distilled Spirits Institute denounced bills aimed at curbing or banning liquor advertising. He said they are an attempt by "drys" to "restrict and hobble that which they cannot kill."

Three such bills before the senate commerce committee have been supported by churchmen.

Gasoline Truck Burns Near Rice

A gasoline truck, believed to be from Dallas county, burned on highway 75 Tuesday morning.

Raymond Myrick, deputy sheriff, investigated the fire about 1:30 a. m. and said all the lettering had been burned off the truck. Motorists reported seeing the truck afire about 2 p. m.

Apparently the driver discovered the flames and drove the vehicle off the pavement on the shoulder of the highway in order not to block or interfere with traffice The truck was located about one mile south of Rice, it was reported.

Officers were continuing investigations Tuesday.

A Griffin ambulance answered the call.

Junior College Yearbook Ready

"El Navarro," the yearbaak of Navarro Junior College, is now off the press and ready for distribution at the annual danceof the yearbook staff on Wednesday evening. The hours will be from 8 to 12 o'clock, and the occasion will be semi-formal.

Joe McAdams has served as business manager of the yearbook and James Edgur has been faculty sponsor.

A feature of the dance will be the presentation of "College Favorites" for 1948.

The College Band will provide dance melodides for the occasion.

Return to Seattle.

Lieut. and Mrs. L. P. Graham and son, Larry, have returned to Seattle Wash., after a visit with Mrs. Graham's mother, Mrs. R. L. Tubbs.

Seven Burglaries In Corsicana Are Cleared By City and County Officers

Seven burglaries in Corsicana and two at Emhouse during the past winter were cleared Tuesday afternoon by city and county officers, Sheriff David Castles revealed.

One formal charge of burglary had previously been filed against Arthur Lee Lemons, negro, and eight additional charges were accepted by the county attorney's office and were filed in justice courts.

Judges W. H. Johnson and A. E. Foster were to transcript the cases to the district court Wednesday for later action by the grand jury.

Federal Prisoner.

Lemons, a federal priscner, was returned to Corsicana Tuesday by K. A. Blakney, city policeman, and Raymond Myrick, deputy sheriff.

The sheriff and Bruce Nutt, police chief, along with other officers, had been working on the case several weeks. A formal statement relative to the several burglaris mentioned in the complaints was made to Chief Nutt Tuesday afternoon.

Sheriff Castles said the negro a native of Streetman, would be returned to federal authorities in Fort Worth within a day or two. U. S. Marshall J. R. (Red) Wright allowed the prisoner to be brought to Corsicana.

The officers reported recovering a quantity of cigarettes stolen in local burglaries. The sheriff said he hopes to clean up additional burglaries before the investigation is completed.

Burglaries Solved.

Burglaries solved, according to the sheriff, included:

Burglaries Solved.

1. Lyon-Gray Lumber Co., Dec. 21, 1947, a table radio, pistol, and other articles taken. A west office window was broken.

2 Doc Spurrier Tailor Shop, Dec. 25, 1947, 607 South Seventh street; jacket, bowie knife. Window was broken.

3. R. L. Patterson filling station, East First avenue and North Highway 75, Dec. 28, 1947; window entered; 13 cartons of cigarettes, candies and cigars.

4. Henry's Food Store, North Commerce street and East Third avenue, Jan. 27, 1948; 21 cartons of cigarettes. A sack of rice was emptied on the floor and the sack was used to carry away the cigarettes. window entered.

5. Bill Hutson's Sinclair Station, South Highway 75, Feb. 1, 1948; $1 in cash, radio; window entered.

6. Floyd Hardy Grocery, South Highway 75, Feb. 15, 1948; window entered, $35 of $40 in cash.

Cigarettes Recovered.

7. Patrick Wholesale Grocery, East Seventh avenue, Feb. 25, 1948. Pried off boards from an east door (windows were securely barred.) Two cases of Camels and one case of Lucky Strike cigarettes were taken. City officers recovered the Lucky Strike case of cigarettes recently in a house near the site of the burglary, where they ha been cached. the sheriff said, and 52 cartons of one of the cases of Camels and 27 from the other have been recovered from sites where the defendant stored them.

8. Swint Huling store, Emhouse, Feb. 6, 1948, entrance by the glass compartment of the front door. Missing were 25 cartons of cigarettes, 7 boxes of candy. 3 boxes of chewing gum, a carton of Prince Albert smoking tobacco, a cigarette lighter, a jacket and a flash light.

9. C. B. Turner store and Emhouse postoffice, Emhouse, Feb. 6, 1948, entrance through front glass. Loot included 70 pennies and nine or ten pennies from the postoffice, and a COD package opened but not taken, according to the sheriff.

Frost

FROST, April 22.—(Spl.)—Colby Tullos of Shreveport, La., visited his parents, Mr. and Mrs. C. A. Tullos Sunday.

M. G. Blankenship is visiting his sister, Mrs. John Ballantine in Dallas this week.

Guests in the nome of Mr. and Mrs. W. J. Smith last week end were Price Smith of A. and M. College, Mr. and Mrs. Jack Hinds, Mr. and Mrs. P. T. Price, Miss Mary D. Price and Joe Shirley, all of Italy.

Dr. and Mrs. J .W. Matlock are visiting relatives in San Antonio and Corpus Christi this week.

Mrs. John Roberson and baby of Lubbock are guests of Mr. and Mrs. C. R. Patterson.

Mr. and Mrs. Bobby Mimms of Tucson, Arizona, visited relatives in Frost and Blooming Grove last week.

Sgt. E. A. Hightower, Barksdale Field, La., Mr. and Mrs. Earl Hightower of Hillsboro, and Mr. and Mrs. Cecil Johnson and sons of Groesbeck were uests of Mr. and Mrs. E. J. Hightower last week.

Mrs. Frank Johnson made a business trip to Dallas Tuesday.

Mr. and Mrs. George Morgan of Waco were in Frost several days this week.

Mrs. David Payne and children of Waco were guests of relatives in Frost recently.

Miss Mary Ruth Henderson of Dallas has been visiting her mother, Mrs. Oma Henderson.

Mr. and Mrs. A. F. Allen were in Corsicana Tuesday.

Mr. and Mrs. H. H. Bailey, Mr. and Mrs. W. P. Bailey and Miss Jackie Bailey visited in Mexia Sunday afternoon.

Mrs. Pearl Wilbanks is the guest of her sister, Mrs. C. O. Brown, this week.

Miss Sammie Lookingbill has returned to her home in Henderson after a short visit with her sisters, Mrs. E. E. Ellington and Mrs. J. B. Brown.

Corsicana Trims Waxa B Team 6-4

Corsicana high school got a small measure of revenge Wednesday afternoon from Waxahachie, as the Tiger Cubs trimmed Curry's Pharmacy (Waxa B team) 6-4, at Bobby Territo Park.

Walter Bond pitched the first five frames, and shared the mound after that with John Custer and Jimmy Kirkland.

Charles Roy Bristow batted 1.000 for the day, getting three for three, all solid hits.

The Cubs will go to Waxahachie Wednesday night, April 28, for a return game with the Papooses.

Negro Receives Burns.

O. T. Cyrus, elderly negro man, received third-degree burns Tuesday night about 8:30 in trying to extinguish a fire which damaged his house here.

The burns, which were on his right arm and leg, were described as serious but not critical. He was brougt to the P. and S. Hos ital.

GERMANY

CONTINUED FROM FIRST PAGE

a repetition of accidents like the April 5 crash here between a British Viking transport and a Soviet Yak-3 fighter. The collision killed 12 Britons, two Americans and the Russian pilot.

The Russian report, which took up a full page in the official Soviet newspaper Taegliche Rundschau, blamed a British violation of air safety regulations for the accident. It said the British should be made to pay indemnities for the plane and to the dead pilot's family.

The British already had held their own investigation, blamed the Russians for the crash and said they would ask indemnities. Efforts toward a joint investigation had failed.

Group May Dissolve.

The latest Russian move came as some top American officials said they believe the Russians intend to kill Berlin's Allied Kommandantura, only four-power organization still functioning here.

The Russians Tuesday proposed that henceforth Kommandantura meetings be scheduled only from one session to the next, rather than the customary month in advance.

"That would give them an excuse to reduce the number of meetings by claiming they could not show up," one American official commented today. "The result might be first a crippling process and then—through a creeping paralysis or whenever they were ready to make the break—killing the Kommantantura altogether."

New Industries Locate In Texas

AUSTIN, April 22.—(AP)—Location of 44 new industries in Texas last month brought employment to 766 workers, the Texas Employment Commission reported today.

The Fort Worth district received four new establishments, one of which was the largest concern opening in the state during the month. Corpus Christi had six new industries, Harlingen 5, Beaumont 5, Abilene 2, Dallas 4, San Angelo 5, Austin 5, Longview 2, San Antonio 2, Amarillo 2, Houston 1, and El Paso 1.

Sailors' Dress Uniform Changed

WASHINGTON, April 22.—(AP)—Sailors' dress uniforms soon will be minus the famous 13 buttons on the trousers and buttoned cuffs on the jumpers.

Instead, new dress blues, which will be issued in a few months, will have conventional-front trousers with hip and slash side pockets. And coat style sleeves will replace the buttoned cuffs.

Cotton Planting In Full Swing At Roane, Corn Condition Good, Says Bryant; Explains Seed Farm System

Cotton planting is in full swing this week in the Roane community and the hybrid corn blocks look fine at this time, Allan Bryant, associated with his father, J. J. Bryant, cotton breeders, stated on Wednesday afternoon.

"The rains last week were just what we needed for cotton," Bryant pointed out.

The principal crops in this northeastern Navarro community are the Bryant's Pedigreed Rowden Cottonseed, sold all over Texas for years, and Bryant's Texas Hybrid Corn. Some hegari is planted for soil conservation practices and grazing.

Conditions Differ

Conditions at Roane are different from most Texas and Navarro communities.

The elder Bryant, one of the best-known cotton and corn seed breeders of Texas, has been producing fine cottonseed for 35 years.

Several thousand acres of land are devoted each year to the Bryant cottonseed program. A five-stand gin is maintained at Roane where the 2,000 to 2,500 bales per year are ginned. Bryant produces the block pedigreed seed for planting and by ginning at the one plant at Roane, the strain is kept pure. After the pedigreed seeds are culled and treated, they are given ceresan dust to insure germination if poor weather conditions are encountered.

The selection and improvement of the cotton yield is an interesting story—how a large and promising cotton stalk is given a number—all the bolls from that stalk are picked and ginned separately—tested for production, lint and other factors—then books are kept on that particular production for years before the seed reach the market as pedigreed products.

Roane Plant Certified

The Roane plant is certified under the state seed law, the seed is tested at the state experiment stations, inspectors watch the fields during the growing and gathering seasons and inspect the culling, cleaning and gin which must meet the approval of the state plant board.

The pedigreed cottonseed is early maturing and does better on the Texas uplands in this section, the growers maintain.

Bryant has been producing the hybrid corn only seven years. There are four types produced—8 and 18 adapted for the uplands of the Central Texas and some East Texas sections. No. 12 is better for the bottoms and heavy soils while No. 20 type is for the southern part of the state.

Both hybrid corn and the cottonseed are shipped throughout Texas.

Unit at Waxa.

Bryant also operates a complete cottonseed unit at Waxahachie involving several thousand acres of land in addition to the one at Roane. A gin is operated there, too.

About 600 acres are devoted to the hybrid corn production on the Bryant farm that produced better than 30 bushels per acre last year. Corn is more dependent on the previous use and condition of the land than other products, according to the seed expert.

The corn is released to Bryant from the Texas experiment station after it has been bred for 12 years, and is then crossed with open pollinated corn.

Branching Out

The younger Bryant is branching out in another seed program—King Ranch blue-stem grass, also known as yellow bluestem and yellow beard grass—and will harvest 35 acres in June. He planted the 35-acre field last April and the type brought from India is prolific, fast-growing, drought resisting, perennial grass.

It does not have to be replanted or worked and is of the same family as the grasses that covered the prairies in this country before the arrival of the white man—it is a native of India, and grows well in this section. It grows from knee to waist high and is fine for either grazing or hay. There is some of this grass in Zavalla county, a few acres at Barry, Denton experiment station, experiment station at College Station, and at San Antonio.

Should a farmer or rancher desire to rid his land of this new grass, a plowing will do the job, according to Bryant. The seeds blow and spread rapidly.

Three Plants

The Bryant interests have three processing plants for their three types of products—the cottonseed plant at Roane, the corn and grass processing plants about a mile south of the main headquarters.

The two Bryants reside in Corsicana, but their office and headquarters are maintained in Roane, although a display store is operated in Corsicana where the products can be secured or seen.

Poisoned Waters Of Creek Killing Much Texas Stock

HOUSTON, April 22.—(AP)—At least 400 head of cattle have died from arsenic-polluted waters of a Brazoria county creek, Game Warden H. T. Mayne said.

Mayne said dead cattle and wildlife line the banks of the little Linville creek. He estimated the number of dead catte between 400 and 500.

V. V. Anderson, Santa Fe Railroad official, said earlier yesterday at Galveston that 6,000 gallons of arsenical weed killing chemical had been dumped by mistake last Thursday into a sewage disposal system which empties into the Little Linville.

Mayne said horsemen are warning residents along the creek of the pollution.

The Little Linville flows into the Big Linville, which in turn flows into Caney Creek, a popular fishing stream. Caney Creek empties into Matagorda Bay and the Intracoastal Canal.

AUSTIN, April 22.—(AP)—No state controls on fishing will be necessary in the poisoned waters of Little Linville creek, Brazoria county, Howard Dodgen, executive secretary of the State Game, Fish and Oyster Commission, said today.

Dodgen said that fish in the stream which have come in contact wit' the arsenical weed killing poison accidentally dumped there last week will be dead. If any live fish are caught in the stream, he said, they will be good fish.

NEW MISSIONARIES—Rev. and Mrs. Dan N. Sharpley will leave about July 1 as missionaries in South Brazil from the Southern Baptist convention. The Rev. Mr. Sharpley resigned last week-end as pastor of the Emhouse Baptist church after serving in that post 2 1-2 years. He is to receive his B. D. degree from the Southwestern Baptist Theological Seminary, Fort Worth, in May. Mrs. Sharpley has a master's degree in religious education from the same institution. The minister is the son of Mr. and Mrs. Will Sharpley of Corsicana and Mrs. Sharpley is the daughter of Mr. and Mrs. J. B. Allred of Wichita Falls. The Rev. Mr. Sharpley spent several years in Brazil while serving in the U. S. Navy.

Former Oklahoma Congressman Dies

CHICAGO, April 22—(AP)—James McClintic, 69, an Oklahoma congressman from 1914 to 1934, died today aboard a train.

McClintic, a Democrat from Snyder, Okla., died of a heart ailment on a Chicago and North Western railroad train.

He was en route to visit a daughter in Los Angeles. He was accompanied by another daughter, Mrs. Mary Liebert.

Mrs. Liebert said McClintick served in the Department of Interior and the War Department during the war as congressional liaison officer. He resigned on VE day to go into retirement.

From where I sit ... by Joe Marsh

Homer Does Some "Back-Seat Sewing!"

Homer Bentley's missus was working on her new sewing machine, when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a friendly glass of beer. The missus agrees to give up back-seat driving and nagging Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!

Joe Marsh

SICK, NOT SINNING

"Society's expensive court case drunks; repeatedly in and out of jail, should be given a chance for cures in colonies outside the stresses that drive them back to drink. Alcoholism is on the increase, and is a public health job."

These sentiments were expressed at a recent session on alcoholism in Columbus, O., atteneded by members of the Nationl Committee for Education on Alcoholism, workers in the Yale Plan Clinic, court room judges and social workers.

Alcoholics, it was pointed out, are now considered a type of mentally ill, who have low resistance to social friction and an instinct to escape the most minor troubles. Publicly supported hospital beds and clinics should be opened to them since few places are available for treatment except expensive private institutions.

Society is waking to a new diagnosis and obligation on an old problem. Alcoholism is now viewed not as a moral matter, but as a disease, and its control as a public responsibility.

This is a sound approach, long needed.

But it is also sound to remember that self-control as a desirable method of living can be taught in childhood, and can then be applied to alcohol as well as to other temptations that detstroy strength, happiness and a balance of life if indulged. Modern psychology is doing splendid work the value of which should not be underestimated. But sometimes it has a tendency to lay the causes of all ills to outside influences, and to lay too little emphasis on the power and possibilities of training inner strength.

WHAT IS TIME?

One thing which does not interest a Chinese is time. For him the words of the Psalmist apply, "A thousand years are but as yesterday when it is past, and as a watch in the night." The present chaos is to him nothing more than what China has repeatedly undergone.

A royal house began, headed by a great ruler. He might be succeeded by one or more in his mold. Soon the emperor deteriorated, until misrule culminated in anarchy which might last half a century before another capable ruler took hold, and the cycle began again.

The Chinese republic dates from 1911, previous to which had been many years of governmental breakdown in the last days of the Manchu emperors. Fair progress was being made until came the eight years of war with Japan. By Chinese standards the delay in building up a sound governmental structure has not been undue.

Really to undertand China, it is necessary to appreciate this fundamental variance between East and West as to the meaning of time.

THE RESISTANT FINNS

Observers in Finland believe that the Czechoslovak coup will not be repeated in the little northern country.

New ties may be formed between Russia and Finland in spite of the enemity between the two countries, because of Finland's helplessness in the present situation. Even though the country were to be completely overrun by its powerful and unscrupulous neighbor, the Soviet influence would be likely to exert little weight upon the spirit of the people. Unlike the Czechs, who as Slavs have an emotional kinship with many Russians, the Finns are antipathetic to those who have the upper hand of them.

There are fewer Communists in Finland than in Czechoslovakia—only one per cent of the population. Though the Communists control the police, they have not been able to get hold of the courts, domination of which would be necessary to the success of a coup. Observers expect a reluctant political tie-up with Russia, entailing little freedom of action in foreign affairs, but with a semblance of internal liberty.

One thing the Communists habitually ignore is the spirit of a people. They have yet to learn that this is a very powerful force, which may in time cause the overthrow of the gang now holding the Kremlin.

WILD YARNS

Alarmists are making much of the sighting of an unitentified submarine in the Pacific near San Francisco. The panicky immediately decided that it was Russian, and presumably planning to shell California or at the very least spy out the ground for such an attempt later.

As a matter of fact the ocean is still open to the ships of any nation. This includes submarnes. If Americans are going to run around like hens with their heads off at every rumor of an unexplained circumstance, they will neither keep the peace nor win the war.

Look next for a revival of last year's flying disk yarns.

INDIAN BALLPLAYERS

Chief Meyers is remembered by old-timers as an efficient catcher of Christy Mathewson when the latter was in his prime, and also as one of the few Indians—real Red Indians!—to star in the big leagues.

Why there have not been more is hard to say. They are lithe and athletic and have no barrier of prejudice to overcome. A few have been among the great stars, the best being Chief Bender, a great pitcher in the palmy days of the old Philadelphia Athletics., Rudy York though only part Indian, is perhaps enough so to be counted.

The first Indian big leaguer, Sockalexis, played on the old Cleveland National League team. Apparently it is only a coincidence that today's Cleveland Americans are nicknamed Indians. Sockalexis, a great hitter, succumbed to the traditional weakness of his race, firewater.

He is not alone, unfortunately, in this failing. A list as long as a man's arm could be compiled of great white ball players who lost out because they looked too often on the wine when it was red.

The Constitution is generally printed in fine, discouraging type. Why could not some political party or some business firm distribute free copies of the Constitution, attractively printed? Citizens might be surprised at what they found in it.

It can be said of John L. Lewis that he never lay down. Also that he never grew up.

The millennium may be assumed to have arrived when every family has at least two cars.

It is fine to have such noble architecture in Washington, but the most important thing is men inside.

Edgar A. Guest

(Copyright, 1948, Edgar A. Guest)

THAT BULGE,
(Experts say that bulges are the commonest flaws in the feminine figure.)

Put on the record, and once more
Roll twenty minutes on the floor.

Now up and down and side to side,
With arms extended high and wide.
Next, slowly counting: "One, two, three!"
Up with the leg and bend the knee.

This count from one to twenty goes;
Bow from the waist and touch your toes.

With arms akimbo, turn and twist.
The hips will grow if this be missed.

Why in such strenuous feats indulge?
It's woman's battle of the bulge.

ANCIENT WISDOM SUGGESTS CURE FOR PRESENT WOES

Jewish Prophet Deals With Agelong Problems—The Divine Standard Demands Recognition—Both Nations and Individuals Must Conform—Bible Has Answer to Present Bewilderment

By WILLIAM T. ELLIS and EARL L. DOUGLASS

The basic ailment in national and international affairs is in the character of individuals. We need constantly to remind ourselves that we shall never have a good world until we have good men and women. Selfish, greedy, cowardly, idle, pleasure-loving people will wreck the most Utopian plan. Every ship that has ever set sail for the port of a perfect society has been wrecked on the rocks of human nature.

Moral Soundness A "Must"

That is why many of the world's best thinkers are convinced, with the encouragement of much collateral evidence, that mankind is being driven to the supreme remedy, which is personal religion. The Bible's old-fashioned teachings of personal righteousness are bound to become a vogue. A realization of God, whose will for mankind is clear, will accomplish what reformers have failed to effect.

There is nothing new or sensational in this simple truth. It is as old-fashioned as sunlight. In all its rugged and inexorable simplicity it was proclaimed, thousands of years ago, by the Old Testament prophets. These old prophets were no fools. They were not sequestered, unworldly hermits, interested only in personal piety. Their vision was supremely statesmanlike, and dealt definitely with the affairs of nations. There is as much solid statecraft to be found in any one of the Old Testament prophetical books as in a year's issue of The Congressional Record. The ancient prophets saw more clearly than kings or officials the international situations of the day; and they fearlessly proclaimed the remedy.

Word From Ancient Seer

Zechariah, the prophet whose writings engage our attention today, was no exception. He was a priest, and along with the layman Haggai he had shaken the Jews out of the lethargy into which many of them fell after their return from the Babylonian Exile, and had persuaded them to rebuild the temple. Whereas the layman Haggai pounded his contemporaries, Zechariah tried to persuade them. Between them they got the Temple built; which makes plain the truth that every man must be allowed to approach his tasks in the way that suits him best, and that the only prerequisite to success is sincerity.

But Zechariah was more than a church builder; he was a moulder of public opinion. His nation was insignificant in a world dominated, as it almost invariably is, by the big fellows. The question he asked himself and his nation was: "What gets nations and individuals into trouble, and once in trouble, what gets them out of it?"

It Works Today

His answer was simple, but it was also fundamental and searching. Most trouble in life, he reasoned, arises from moral evil. The forefathers of the Jews to whom he spoke had immersed themselves in evil practices, and a result had gone down into national disaster and had been carried off into exile. Upon their return, many had lapsed into the evil of their ancestors and were again endangering the nation and the destiny of their own souls. Right about face, cried Zechariah: "Execute true judgment, and show kindness and compassion every man to his brother. And let none of you devise evil in his heart against his neighbor."

His remedy for national moral illness was just as simple as that—and as difficult. Out of the religious shortcomings of the Jewish nation sprang all the evils of open sin. The people who had been well enough satisfied to go along without a temple had fallen into injustice and every evil way. When they turned their backs upon God and began to caper in the groves and high places of idolatry, they at the same time turned their backs upon the pure, stern morality of the Mosaic law.

Out of religious unbelief and indifferentism come most of our troubles today. Few people today actively disbelieve in God; they simply ignore Him. They see no relation between religious faith and social or national welfare. None the less, the two are as root and fruit.

Perrennial Human Problems

When will we learn the lesson of spiritual reciprocity, that when we turn to God, God turns to us? When will we realize that world chaos is the fruit of man's sin? And when will we, as men and women who believe in the things the Church stands for and teaches, begin to demand of public officials, labor leaders, employers, statesmen, and delegates of the United Nations that they make moral and spiritual factors decisive in all their enterprises?

Zechariah's words ring clear and true today, as if spoken expressly for this year 1948 and for the problems we confront. No modern statesman has so clear an understanding of contemporary life as have the prophets whose bones have been dust for ages. They saw events, and men and women, in relation to the living God, whose will is human righteousness. And there, if we really want to find it, is the answer to most of our modern problems.

SEVEN SENTENCE SERMONS

Every noble acquisition it attended with risks; he who fears to encounter the one must not expect to obtain the other.
—Metastasio.

Heaven never helps the man who will not act.
—Sophocles.

Wisdom is not so strong and fleet
As never to have known defeat.
—Housman.

Our grand business is not to see what lies dimly in the distance, but to do what lies clearly at hand.
—Carlyle

Execute true judgment, and show kindness and compassion every man to his brother.
—Zechariah 8:9.

One who never turned his back
but marched breast forward,
Never doubted clouds would break,
Never dreamed, though right were worsted, wrong would triumph,
Held, we fall to raise; are baffled to fight better,
Sleep to wake.
—Browning.

Many run after happiness like an absent-minded man hunting for his hat, while all the time it is on his head or in his hand.
—Anon

Powell Pastor Is Given Birthday, Farewell Party

Many of the members of the Powell community met for a birthday supper and farewell party for Brother Louie Sluder, pastor of the Powell Bantist church, last night at the Wheelock camp.

A lovely three-tier birthday cake with white frosting and pink trimmings was baked and presented by Mrs. Tom Ficklin. Another birthday cake was presented to Mrs. Valon Lonon, whose birthday also was yesterday.

Following the supper, Brother Sluder received a "whipp'ng" by little Betty Mitcham. The church then presented him and Mrs. Sluder a love gift. Other gifts were presented, including a token of love from the Boy Scout troop.

Brother Sluder has resigned his pastorate at the Powell church to accept the position of Program Director of Boys' City, Corpus Christi. He begins his duties there May 3. Sunday will be his last day to preach at Powell.

Sub-District MYF Officers Elected Tuesday Evening

At the regular monthly meeting of the sub-district Youth Fellowship of the Methodist church at Blooming Grove Tuesday night, the following officers were elected for the new year: President, Tom McMullan, and vice president, Miss Joyce Copeland, both of the Eleventh Avenue Methodist church; secretary-treasurer, Julia Ann Rankin, and publicity, Boyce Martin, Jr., both of First Methodist church.

The May meeting will be held at the Central Methodist church in Corsicana, when the new officers will be installed.

First Methodist church, with 43 led the delegation of about 175 young people. Eleventh Avenue was second with 34.

There were five pastors, the district superintendent and eight councellors present.

Glendene White, retiring president, presided over the business ssssion. The devotional was given by the young people of the host church. The Rev. Albert Peterson was host pastor.

The young people of the Blooming Grove High school gave a two-act play and refreshments of cold drinks, sandwiches and cookies were served by the membership of the host church.

LEWIS

CONTINUED FROM FIRST PAGE

with Lewis, echoed reports today's meeting probably would be put off Bridges is the neutral trustee, while Van Horn represents the operators.

Van Horn served notice yesterday that Lewis and Bridges might be personally liable for any money spent from the fund under a plan Lewis and Bridges approved. Van Horn made request in a court suit in which he claimed the plan is illegal.

$100 Month Provided.

The Lewis-Bridges pact would provide $100 monthly pensoons to miners 62 years or older.

Van Horn said the plan is illegal under the Taft-Hartley labor act for two main reasons:

1. Bridges never had any legal right to vote on how the money is to be spent, because the law says the employer representative is the one to do the agreeing—and Van Horn disagreed to the Lewis-Bridges plan.

2. The reason he disagreed to it was that it would pay pensions to miners from whom no contributions have been made to the fund. He said this, too, is barred by law.

New Hearing Friday.

Lewis is to be back in court tomorrow morning for sentencing on civil contempt of the strike-end order. There was every indication it would go hard for Lewis if his men aren't back by then.

The coal strike started March 15. Lewis and the miners were angry because they had been unable to get Van Horn to agree on a plan for spending the 10-cent a ton royalty money for pensions, sickness, death, and other miners' benefits.

Van Horn's suit asks a court order to prevent spending any of the fund on the temporary basis worked out by Bridges and Lewis. But the injunction can't be issued for some time, because, unred court rules, Bridges and Lewis have 20 days to answer the suit.

YOUTH COUNCIL

CONTINUED FROM FIRST PAGE

ill Wednesday at 8 p. m. in the Junior High School Auditorium.

The committee which recently appeared before the Foundation in the interest of funds for the Youth Council was composed of Dr. Stephens, Mrs. H. R. Stroube, Tom Bailey, Rev. Erwin Bohmfalk, Louis Wolens and Mrs. John McAdams.

The council's name is expected to be changed to that of "Corsicana Community Council" and the entire membership, which has been urged to attend the annual session, will vote to accept or reject a special committee's proposal that an executive director be employed to coordinate the activities of agencies and possibly do some parttime counseling.

The committee's suggestion followed a detailed and extensive study of community counicls in other cities and interviews with leading social and psychiatric workers. Unanimous approval of the plan is anticipated.

$15,000 Needed

It has been announced at previous meetings of the council that $15,000 would be necessary to obtain the executive director, under a three-year contract, with a salary of approximately $5,000 annually.

Once the necessary funds are obtained, Dr. Stephens has indicated a committee will be named to consider some person to fill the director's post.

Negress Treated For Knife Wounds

Helen Black, 819 East First avenue, received treatment at the P. and S. Hospital Wednesday afternoon for knife wounds and later was dismissed.

City Officers K. A. Blakeney and Higginbotham and Deputy Sheriff R. E. Brown answered the call. One arrest was made in the case, but the woman later was released pending further investigation into the matter. No complaints had been filed shortly before noon Thursday.

The two negro women, neighbors, became involved in a squabble that developed into an altercation, officers were informed.

Dawson FFA Wins In Quiz Contest

HUNTSVILLE, April 21.—(Spl.)—Approximately 1,000 students from high school chapters of the Future Farmers of America competed here in the annual Texas Invitation FFA leadership contest.

The green hand team of Dawson High School won first in the FFA information quiz contest. Floyd E. Bennett of Dawson won first in the individual winners while W. B. Slater and Danny Davis, both of Dawson, were tied for third.

Contests also were carried on in chapter conduct and practical farm skills.

The sponsoring organization is the FFA group of Sam Houston State College.

Farm Home Destroyed.

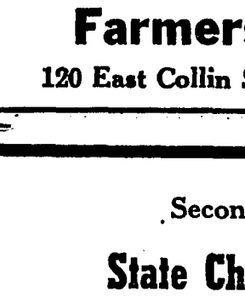

Fire of undertermined origin destroyed the farm home and household effects of Mr. and Mrs. Bedney Hooser three miles west of Frost about 9:30 o'clock Tuesday night. Mr. and Mrs Hooser were in Frost at the time.

The loss is estimated at $6,000, partially covered by insurance.

and have said this would mean fighting.

Will Defent Liberty.

"We *confirm* our intentions—which are the intentions of the government of tomorrow—to defend liberty for everybody, including the Communists," De Gasperi said. "If they do not resort to coercion, or threats, or plots, or keep arms, they can enjoy *Democratic liberty*"

There were increasing signs of confusion and even dissension in the ranks of the Popular Front, particularly in the wake of a proposal by left-wing Socialist Giuseppe Romita that the pro-Communist Socialists attempt to "regain their independence."

Interior Minister Mario Scelba estimates the Christian Democrats won 307 of the 574 Chamber of Deputies seats in the election to 182 for the Popular Front. The official result still awaits a laborious mathematical calculation on the basis of proportional representation. In the Senate the Christian Democrats took 130 of the 237 elective seats, to 74 for the Popular Front.

MINERS

CONTINUED FROM FIRST PAGE

many fields. Some locals won't hold such meetings until late today or over the wek-end. Leaders of the United Mine Workers and operators agreed a full scale resumption by Monday was virtually certain.

Late yesterday about 125,000 miners out of the nation's 400,000 soft coal diggers were in the pits. The number was growing steadily today. Increasing supplies of coal enabled the U. S. Steel Corp. to announce operating rates were back to normal in almost every plant.

All miners were at work in Illinois and New Mexico.

STATE JURISTS ENTERTAINED—The Chief Justice and five other members of the Texas Supreme Court and the head of the Sixth Court of Civil Appeals are shown above at Longview, Texas, April 16 with Carl Estes, newspaper publisher, who entertained them left to right: Judge St. John Garwood; Judge Reuben A. Hall; Chief Justice of the Civil Appeals Court; Judge Few Brewster; Judge John H. Sharp; Mr. Estes; Chief Justice J. E. Hickman; Judge A. A. Folley and Judge James P. Hart. (AP Photo.)

MISS HANSEN

CONTINUED FROM FIRST PAGE

John W. Carpenter, former president of Lone Star and now chairman of the board, at the stockholders meeting defended the contract and a similar, smaller deal made with Harry Gale of Washington D. C. Carpenter told stockholders that pig iron prices were much lower a year ago and that the contracts were made at a time when Lone Star needed orders on its books to help its negotiations with the war assets administration for use of the plant.

Business has always been fascinating to her, says Miss Hansen. She went to Columbia and New York university, studying economics and business administration. She says she became fascinated by the life and work of Andrew Carnegie and read everything on steel she could get her hands on.

She started the Pittsburgh Mill Steel Co., Inc., in Sept. 1941. She wouldn't say how much money she put in at the start, but admitted the current investment runs into six figures. She does most of the buying herself.

Business is a matter of common sense and ethical practice, says Miss Hansen, and she wants to "gain national prominence through good hard work." She also says she wants to do something for underprivileged children.

Negotiator Reported

"They need a lot of love and care," Miss Hansen says.

The Hansen and Gale contracts were negotiated by Dr. George H. Anderson, then a vice president of Lone Star. Germany told the stockholders that Anderson is not now active in management.

Gale's contract was to buy 24,000 tons of pig iron with a scheduled delivery of 2,000 tons a month. Germany told the stockholders that at present prices "if we were able to make delivery Mr. Gale's potential profit would be about $400,000." He said that "after much negotiation" Lone Star was able to get Mr. Gale "to accept a scheduled rate of delivery."

U.N.

CONTINUED FROM FIRST PAGE

egate, told the United Nations Special Assembly session on Palestine Tuesday that the United States is prepared to send troops to the Holy Land to support a trusteeship government on two conditions:

First, other nations must also provide forces; second, Arabs and Jews must agree to a truce.

In Washington this promptly raised a question as to the President's authority to use American armed forces.

Truman Has Power.

Administration legal authorities are understood to have advised the White House that nothing in the law prevents the President from using his constitutional powers as Director of the American Foreign Policy and commander-in-chief of the Armed Forces.

The position of the Administration therefore is said to be that Mr. Truman has the right to send troops wherever he may consider it in the nation's interest to do so.

DOMINOES

CONTINUED FROM FIRST PAGE

money was being collected for a new 1948 model set, they were just taken away until the new ones arrived.

Which category the incident falls in is not very important. The paramount thing is that the person responsible had not weighed the chance of the police and fire commissioner being offended.

Commissioner Davant arrived at the city hall at 9 a. m. to find the clean green table devoid of playing rocks.

It didn't take him long to get in a huff about it. He asked all the firemen about them. None knew.

Issues Ultimatum.

He then announced ther would be no more domino playing there by the firemen or anybody else until the deck of dominoes was back in place.

Not just another deck. He said that particular deck had to be returned.

That's where the chill blew in.

After two hours a new set of $7.50 dominoes appeared. Two lonesome looking gentlemen were shuffling them hither and thither and marking "X's" on the green top. But there wasn't a foursome and it was easy to discern that a feeling of tenseness was in the air. Outside in the hall other domino players kept offering theories to the police commissioner that he shouldn't push his edict.

The commissioner, an adament sort of a man when he feels like it, listened but kept wanting that old set of dominoes returned.

Mayor Wihout Jurisdiction.

Mayor Hubert T. Braselton, no domino player himself, but a staunch believer in everybody having a good time provided it doesn't cost the city anything, looked in on the crisis and looked out again.

The police and fire commissioner had it in his jurisdiction and was keeping it there.

He was mulling. He was mulling mad.

Somebody—the person who took the rocks, or hid the rocks, or removed the rocks—was caught in the middle.

MARLOW

CONTINUED FROM FIRST PAGE

at work any given day is about 350,000.

Before their walkout, their average weekly earnings were $75.91, or $303.64 a month. For the full month of strike they lost $106,274,000 in earnings.

Under their contract with the union, mine owners pay into the miners' welfare fund 10 cents for every ton of coal mined.

From last July till mid-March, when the strike started, the owners had paid into the fund about $33,000,000.

About 13,000,000 tons of coal were dug weekly before the strike. The month's shutdown meant 52,000,000 tons not mined.

Not All Agree

(Not all the owners had agreed to the 10-cent-a-ton royalty contract but most had.)

With 52,000 tons not mined—if 10 cents had been paid on every ton—the loss to the miners' welfare fund would have been about $5,200,000.

(Since not all the owners pay the royalty, the minimum loss to the welfare fund was probably $4,000,000 or more.)

The $1,400,000 fine on the union is not a crushing blow. How much the union treasury has now is not known. A year ago it was reported to have $15,000,000. The union pays none of its money in strike benefits.

DEMOCRATS

CONTINUED FROM FIRST PAGE

to sabotage the president as the party's candidate.

Proxy Votes

Roberts was supported by Mrs. Sam H. Davis of Houston, who had her own vote and five proxies; Neville Penrose of Fort Worth, and George L. Carlton of Tomball, who held a proxy for William N. Nichels of Houston and others.

One section of the resolution praised President Truman for his "valiant fight to stem the tide of Communism through projection of the European recovery program."

Jimmie Brinkley of Houston, president of the Young Democrats of Texas said he didn't think the committee "should hail President Truman for anything." His effort to delete this part of the resolution was defeated by a voice vote.

County Council Of Home Clubs In Session Saturday

Representatives of the Barry, Bazette, Corbet, Dawson, Emhouse, Frost Kerens, Mildred, Oak Valley, Pickett, Richland, Roane, Spring Hill and White's Chapel Home Demonstration Clubs met at Kinsloe House Saturday at 2 o'clock.

The finance committee chairman, Mrs. Elzie Armstrong of Emhouse, suggested that the clubs begin soliciting names for the calendar next year.

The expansion committee reported that there had been 38 visits and 16 new members in the clubs during the past month.

The THDA chairman, Mrs. Percy Varnell of Barry, stressed the importance of reading, stating that a certificate will be awarded anyone who reads as many as three books from the reading list now in the hands of the club secretary. A special certificate will be awarded those who read as many as 25 books this year, she announced.

National H. D. C. Week.

Special programs will mark the observance of National Home Demonstration Club Week—May 2 through May 8.

The clubs voted to have a visiting day program in August. Names were drawn and each club will be hostess to the name drawn.

Reports were presented by Mrs. D. B. Bennett of Oak Valley, Mrs. Buell Robinson of Barry, Mrs. Homer Marshall of Bazette who went from Navarro county as delegates to the district Home Demonstration meeting at Lufkin. Twenty-four Navarro county club members attended the meeting, at which twelve counties were represented and 208 registered for the day.

Mrs. Jessie Ford of Angelina county was elected district vice-president. The next district meeting will be held in Palestine and th state meeting will be held in Temple in October.

IN AND OUT OF SERVICE

Capt. Horace F. Potts, son of A. M. Potts, 117 East Thirteenth avenue, Corsicana, is serving with the 13th Field Artillery battalion with the Eighth Army in Fukuoka, Kyushu, Japan. The 13th F. A. Bn. is a unit of the 24th Division artillery.

Capt. Potts enlisted in Corsicana, and received his basic training at Camp Bowie, Texas.

WIESBADEN, Germany, April 21.—Corporal Arthur D. White, a native of Corsicana, now with the U. S. Air Forces in Wiesbaden, recently won promotion to his new rank for soldier-leader [illegible] he performing duties as a member of the 21st Motor Transport Squadron in this headquarters-city of the U. S. Air Forces in Europe.

Recently, Corporal White won a Drivers Medal Award in appreciation of his safety-record with heavy Army vehicles which play an important part in Air Forces supply and transportation.

VA Officers Are Not Responsible For Job Trainees

The Veterans Administration has relieved its Training Officers of all responsibility for the direct supervision of 220,000 non-disabled World War II veterans in training under the GI Bill of Rights in Texas, Louisiana and Mississippi according to Robert C. Reeder, Contact Representative, Corsicana.

The change will permit VA's Training Officers to devote more time to the needs of the 30,000 disabled veteran in training under the Vocational Rehabilitation Act (Public Law 16) in the same tri-state area. The law gives VA full responsibility for the training of these veterans.

In suspending supervision of GI Bill trainees by direct contact, VA called on all state approval agencies, schools and training establishments to meet fully their obligations under the Servicemen's Readjustment Act (GI Bill).

VA will look, to an increased extent to state approving agencies to carry out their obligation to approve only schools and establishments that are fully qualified and equipped to give good courses of instruction and are otherwise satisfactory on the basis of current inspections.

Schools and job establishments are obligated to furnish effective education and training to each veteran they enroll, VA said. The institutions must not keep a veteran in training any longer than his conduct and progress warrant. They must provide VA with reports of the veterans attendance and progress.

VA will use these reports, along with spot checks of veterans in GI Bill programs, to safeguard the veterans rights to adequate training and to prevent possible fraud against the Government.

The new supervision policy varies among the different types of training institutions. No change was made among colleges and universities which already have the responsibility to supervise all veteran-students they enroll. VA will use periodic conduct and progress reports and spot checks to supervise ex-servicemen and women in other schools and on job-training establishments.

Spot checks will be used in supervising veterans taking institutional on-farm-training.

Soft Drinks And Just Plain Water

This is the story of the summer stomach, and its piercing plea, oft times, for a cooling draught.

Some weeks ago a bottling company installed a pretty coin-operated soft drink box in the lobby of the city hall.

This week a competitor installed another pretty coin-operated soft dring box just a few feet away.

Firemen get a percentage of the take.

In between the two boxes is a water fountain where cool city water can be obtained free.

Return From St. Louis

C. O. Golden, service manager of the Sam Bigham Motor Company, has returned from St. Louis wher he attended a special training school under the supervision of the Lincoln Mercury Division of the Ford Motor Company. Mrs. Golden accompanied Mr. Golden on the trip.

Report Overpass Dangerous; Road Closed By City

The North Beaton Street tie-in road connecting the Zion's Rest and Emhouse slab with Highway 75 via an overpass at the Southern Pacific Lines has been closed by the City of Corsicana as a precautionary measure.

Continued seepage of water has undermined the west side embankment approach to the concrete overpass and there is a considerable hole or low place that is dangerous to vehicles traveling at a high speed going west from the highway.

Minor but insufficient repairs have been made at the site from time to time, but the damage has become such that the city has put up the closed notice as a safety measure in the event a person or vehicle is damaged and the city is sued for compensation.

This concrete slab and overpass is part of the Consolidated Road District No. 1 system of roads constructed about 20 years ago, but recent legal developments has created a changed situation relative to maintenance.

This road has always been a county thoroughfare and has been maintained by Precinct 1.

Several months ago the city commission extended the city boundaries in all directions, taking in the road under discussion.

Citizens of the north and west area embraced brought a suit that the city won, but the losers appealed to the appellate court in Waco from the decision of the local district court.

City of Corsicana officials can ot afford to repair the road—it is estimated not less than $4,000 will be required—until the suit is disposed of attacking the incorporation of that area.

It is understood that the county commissioners court does not favor expending this amount of money on a road that may become a part of the City of Corsicana.

Should either the city or county start such a repair or replacement job they in all probability would be enjoined by a court order.

Meanwhile if it is necessary to use the tie-in, drive carefully.

A man with several cases of eggs in a pick-up truck is reported by neighbors to have struck the place in question a few days ago. Not an unbroken egg remained, it was stated.

It's everyone's road but no one will repair and maintain it.

Kerens Garden Club Meets

KERENS, April 20.—(Spl.)—The Kerens Garden Club met Friday, April 17, in the home of Mrs. P. H. Brister with Mesdames J. F. Mullins and Finis McCluney as co-hostesses.

The President, Mrs. Earl Seale welcomed Mesdames Johnnie Mills, H. N. Harris, Beaulah Cobb, W. M. Gray, Howell Brister, Roy Cloud, and R. H. Logan as guests for the afternoon and following roll call and the reading of the minutes asked for reports of the various committees.

Miss Ethel Inmon was program leader for the afternoon. She gave an interesting and informative talk on "Tools For Good Gardening," and showed pictures of many new garden gadgets now on the market, after which she led a round table discussion on the subject with a large number contributing to the discussion.

Mrs. Will Sidney Price in her talk on "New Insecticides and Soil Conservation," told of the latest and best things for killing insects and how they should be used for best results. She also mentioned the best fertilizers for the different types of soil and plants.

Mrs. R. P. Walker, friendly critic, called attention to the beautiful flower arrangements brought by club members. The several varieties of iris in brass, yellow and pink containers were unusually effective as were the arrangements of red snapdragons and daisies on the dining table and the floating pansies on the buffet.

A nice course was served at the conclusion of the program.

Corsicanans Will Move To Crockett

Mrs. Leslie Wareing and daughter, LeNoir, and mother, Mrs. Louella Breuchner, plan to leave early next week for Crockett where they will make their future home. Mr. Wareing assumed the managership of a Firestone Store in Crockett about a month ago, and is well-pleased with his new location.

Mr. Wareing returned to Crockett on Sunday evening after spending the week-end in Corsicana.

Attend Clowe Funeral

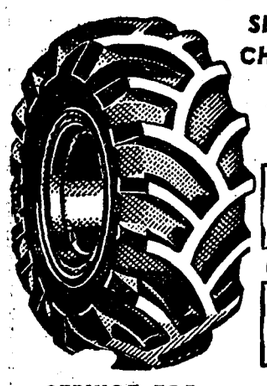

Out-of-town relatives and friends who attended the rites Saturday for Harry Clowe, Sr., included Mr. and Mrs. Robert Amason, Orange; Mr. and Mrs. Arlie Edwards, Houston; Mr. and Mrs. Bruce Jeffers, Dallas; Mr. and Mrs. Fred Davis, Selman City; Mrs. J. Joiner, Cleburne; Mr. and Mrs. George Patrick, Cleburne; Mr and Mrs. Harry T. Smith, Mr. and Mrs. Ted Dennis, and Mr. and Mrs. Harry Stone, all of Dallas, and Mr. and Mrs. E. B. Dawson, Dawson, Mr. and Mrs. Lacy Garrett, Kerens; Mr. and Mrs. Will Sheets, Chatfield.

You Get More for Your Money when you get a UNIVERSAL 'Jeep'

YOU GET 4-WHEEL DRIVE for steady-pulling traction in the field. Used as a tractor, the Universal "Jeep" operates plows, discs, harrows and other implements at tractor speeds of 2½ to 7 m.p.h. It's easier on the driver, too.

YOU CAN HAUL AND TOW on and off the road—when you get a Universal "Jeep". It carries up to 1200 pounds, tows a braked load of 5500 pounds—on or off the road. In addition, you also get the comfort and convenience features shown below.

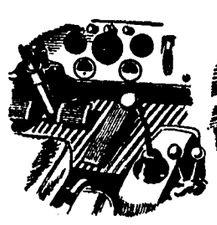

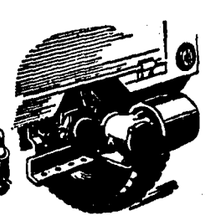

Driver's Seat of spring and cushion construction, with full back, means more comfort with less fatigue from field work. Fenders help protect the driver from dust and mud.

For Night Field Work and highway driving, the "Jeep" has powerful 7-inch sealed-beam headlights—same size lights as used on passenger cars—plus parking lights and tail light.

Easy to Drive as a car. Full instrument panel, self-starter, conventional pedals and accelerator. Change from 2 to 4 wheel drive is made by merely shifting transfer-case lever.

With Power Take-Off the "Jeep" has 30 h.p. for operating all types of belt and shaft driven equipment. You can't beat a "Jeep" for versatility and year 'round usefulness.

Corporation Court

Patrolman Kelsey Blakney had on his blue suit and his white hat, his day-off raiment. He was just standing there, looking out of a city hall doorway upon a quiet, charming offering of spring. Within his day-off vision came a man, and then another. One man took a slip of paper, gave some money for it. A few minutes later the man paid a $10 fine for selling a baseball pool ticket. Patrolman Kelsey went on about his holiday.

Burglars Wednesday night entered Jimmy Lorimer's filling station, 215 South Beaton street, took between $1 and $2 in change, some ice tickets. A catch on the north window had been pried.

The department during the 24-hour period ending Thursday morning arrested two persons on drunkenness charges, investigated a knife argument between two negro women.

Anti-Trust Case Costs Gum Device Company $10,000

AUSTIN, Tex., April 22—(AP)—Dirtrict Judge J. Harris Gardner today assessed a $10,000 penalty against the Ford Gum and Machine Co., Inc., of New York in an anti-trust action brought by the state.

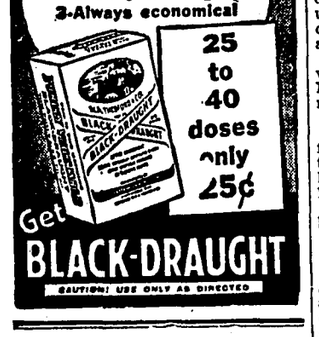

Ford's attorney, Ogden K. Shannon of Fort Worth, announced he would not appeal the case if the state would allow payments of the judgment to be made in installments during the remainder of the year.

Judge O'Donnell, Dallas Insurance Executive, Dies

OKLAHOMA CITY, April 22.—(AP)—Judge C. F. O'Donnell, head of the Southwestern Life Insurance company, Dallas, died today in St. Anthony's hospital following a stroke.

O'Donnell was stricken early Tuesday while in Oklahoma City on business. He was 66 years old.

New York Diver Buried In Harbor Floor Is Rescued

NEW YORK, April 22—(AP)—A diver imprisoned for three hours under tons of mud on the bottom of New York harbor was freed and brought to the surface today.

The first words of the diver, Edward Christiansen of Oyster Bay, N. Y., after his helmet was removed were:

"Thank God I'm alive."

Christiansen calmly directed the frantic efforts of rescue crews through his telephone but two hours after he was caught he told his surface vessel:

"For God's sake, tell them to hurry. I'm buried altogether."

Films Shown

"The Miracle of Oil Plating," a show and picture of the Continental Oil Company was shown Monday to seven groups, five vocational agricultural classes and two mechanical training groups.

The films were shown at Frost, Richland, Navarro Junior College and four groups at the vocational school at the airport.

C. C. Goatz, Tyler, district sales representatives; I. J. Bigony, local commission agent, and R. W. Smith, merchandiser, both of Corsicana, had charge of the programs.

Americas Parley Back In Bogota, Continues Talks

BOGOTA Colombia,(April 22.—(AP)—The Pan-American conference, tentatively scheduled to close April 30, moves back to the national capitol today amid efforts to reach an agreement on the colonial question.

The United States differed with three Latin American nations yesterday in debate on an Argentine resolution demanding that outside countries give up their colonies in the Western Hemisphere. Secretary of State George Marshall expressed the U. S. view, opposing the resolution.

Air Force Wants New Names For Officers, Men

WASHINGTON, April 22.—(AP)—The Air Force has chosen titles for its "airmen" to distinguish them from Army enlisted personnel.

The new ratings would authorized under pending legislation.

For warrant officers there would be four grades—Chief Airman and Senior Airman, 1st, 2nd, or 3rd class. A Chief Airman would receive pay equivalent to that of a major. It would range down to a 2nd lieutenant's pay for Senior Airman, 3rd class.

Here is how the Air Force proposes to re-name the grades for enlisted men: Master sergeant becomes senior air sergeant; technical sergeant, air sergeant, 1st class; staff sergeant, air sergeant; sergeant, airman 1st class, corporal airman, 2nd class; private first class, airman 3rd class; private, airman 4th class.

Now Photostating Minutes Of Court

A change in the keeping of the minutes of the Thirteenth Judicial District court was started Thursday.

Photostating of the civil minutes was inaugurated by J. C. Gaston, district clerk, Thursday morning, utilizing the machine in the county clerk's office purchased by the county a couple of years ago.

The district clerk photographed 30-odd pages that would have required one or more days typing in less than two hours.

Rains In Parched Texas Panhandle Save Wheat Crop

By The Associated Press

Rains fell over the parched Panhandle last night and today, adding millions of dollars to the Texas wheat prospects.

Farmers said last week-end that rains were badly needed to save crops in the area.

At mid-day Thursday. Pampa and Borger reported soaking rains. The fall at Pampa measured 1.25 inches and at Borger 1.30 inches.

The Pampa News said that the rainfall was general in the northeast Panhandle.

Amarillo reported .73 inch of rain and Clarendon .60.

Precipitation during the morning amounted to .95 of an inch at Pampa, .73 at Amarillo and .60 at Clarendon.

El Paso and Presidio also had showers.

Low morning temperatures ranged from 52 at Guadalupe Pass to 67 at Laredo. Yesterday's high was 93 at Presidio.

The forecast for tonight and tomorrow called for scattered showers in the northern part of East Texas and partly cloudy over West Texas.

Dallas Demanding CAA Decision In Airports Battle

AUSTIN, April 22.—(AP)—An answer on whether the Civil Aeronautics Administration and scheduled airlines plan to ask transfer of schduled flights from Love Field to Fort Worth's proposed greater international airport was demanded by Dallas today.

Dallas and Fort Worth representatives argued bitterly in the Texas House of Representatives concerning the merits of the airport which Fort Worth proposes to build midway between the two cities. They appeared before two special CAA examiners assigned to hear Dallas' protest against development of the international airport.

New Baby Found In Garbage Truck Alive And Well

MINNEAPOLIS, April 22.—(AP)—A newborn baby boy, found among garbage parcels on a city truck, was alive and well at Minneapolis General (City) Hospital today.

Walter Lindell said the attention of himself and another garbage handler was attracted to the newspaper-wrapped package when it stirred after having been dumped into the truck from one of two refuse cans they were emptying late yesterday.

Investigating, Lindell said he found the child, barren of clothing, wrapped it in his coat and summoned an ambulance.

Police, arriving with the ambulance, found a crowd gathered around the garbage truck. They noticed a 19-year-old onlooker exhibiting more than ordinary interest. The girl became hysterical as question were asked.

Between sobs, she admitted she had given birth to the child an hour earlier in her nearby room. She was reunited with her baby at the hospital, where physicians said the boy was normal, healthy and in very good condition. The mother was being queried further today.

Meatless Tuesday Officially Ended

WASHINGTON, April 22.—(AP)—The government today dropped "Meatless Tuesday"—remember it!—but in a new appeal for food conservation called upon people to observe a meatless day of their own choice.

The "Meatless Tuesday" campaign was started last fall by a citizens food committee.

Stock Exchange Strike Deadlocked

NEW YORK, April 22.—(AP)—Modiation of the 25-day old strike of financial workers against the New York Stock Exchange was at a stalemate today after Exchange officials rejected a proposal to arbitrate the sole remaining issue of wages

County Court.

J. B. Greenhaw was fined $200 and costs by County Judge L. L. Powell Monday after the defendand pleaded guilty to charges of violating the prohibition laws. Arresting officers said they found ten cases of whisky in a car driven by Greenhaw Saturday night.

Ten burglary complaints, nine of them against the same person, were received in the county attorney's office Wednesday.

Justice Court.

Judge W. H Johnson fined one person for intoxication Monday. A theft complaint and a drunk driving case were sent to the district and county courts respectively.

Judge A. E. Foster fined two persons for intoxication Tuesday.

Judge A. E. Foster fined two persons for highway violations Wednesday evening and two for similar offenses Thursday morning.

Judge W. H. Johnson fined four persons Wednesday for highway violations.

Sheriff's Office.

The recent burglary of a Richland home was cleared up Tuesday by Deputy Sheriff R. E. Jones when a hat found in possession of a negro already charged with burglary of an Angus residence, was identified as being the one missing from the home of Mrs. Ruben Milligan at Richland, Sheriff David Castles reported. A complaint was filed Wednesday with the county attorney by Castles.

Constable's Office.

Ten persons were given tickets for various highway violations Wednesday and Thursday by Constable Joe Allen.

Marriage Licenses.

Richland C. Green and Ethel ene Bates.

W. P. Scott and Mrs. Ada Hendricks.

Joe Leo Wachsmann and Mrs. Annie N. Scruggs.

Warranty Deeds.

Local Jaycees, Jaycee-ettes At Temple 'Follies'

Several members of the Jaycees and Jaycee-ettes were in Temple on Wednesday evening to witness a production of "The Follies," which was presented at Municipal auditorium under the sponsorship of the Jaycees and Jaycee-ettes of that city. The local organizations are planning to present a "Centennial Follies" in Corsicana on Oct. 20 and 21. with Mrs. J. Vernon Harwell as chairman, and Virgil Reese as co-chairman.

Those who went to Temple were Mrs. J. Vernon Harwell, Mr. and Mrs. Virgil Reese, Mr. and Mrs. Tom Paschall, Mesdames J. C. Roe, Padget Marr, Wm. Patrick, Jack Love and Otto Smith.

Precinct Convention

Republican Precinct convention has been called for 10 a. m. Saturday, May 1, at 204 South Benton street, Corsicana, by Joe Vandygriff, precinct chairman.

County Democratic Convention Will Be Held May 4; Precincts Meet May 1

A total of 105 delegates from the 46 precincts in Navarro county are allowed for the county presidential democratic convention, Tuesday, May 4. The precinct conventions will be held Saturday, May 1, to select delegates to the county convention, pass resolutions for presentation at the county convention, etc.

The county executive committee recently voted that the precinct chairman preside at the precinct convention.

Each precinct is entitled to one vote whether or not an election was held in the general election in November, 1946, according to action taken by the county committee recently, and one delegate is allowed for each 25 votes or major fraction thereof.

The county democratic presidential convention will be opened by Rex Patterson, Frost, county convention executive committee chairman, May 4.

Following are the precincts, chairmen, number of democratic votes in the gubernatorial election of November, 1946, and the number of delegates to which each precinct is entitled in the May 4 convention:

Ward 1, Corsicana, W. F. Morris, 27, 1 delegate; Ward 2—Corsicana, J. S. Murchison, 121, 5; Ward 3—Corsicana, J. M. Tullos, 396, 16; Ward 4—Corsicana, L. F. Flynn, 381, 11; 5. Angus—J. R. English, 24, 1; 6. Barry—D. H. Bell, 48, 2; 7. Blooming Grove—R. S. High, 154, 8; Phillip's Chapel — Frank Cartlidge no election, 1.

9. Bazette—I. C. Tarkington, 18, 1; 10. Birdston—Clark DuBose, 13, 1; 11. Cade—Walker Harris, 10, 1; 12. Cryer Creek—J. E. Walker, 15, 1; 13. Chatfield—Will Sands, 15, 1; 14. Corbet—Newton Roman 18, 1; 15. Dresden—Leland Daniel, 13, 1; 16—Dawson—Joe P. Davis, 175, 7.

17. Eureka—Brice R. Bonner, 24, 1; 18. Zion's Rest—P. M. Gladney, 87, 3; 19. Frost—W. V. Harrison, 141, 6; 20. Kerens—E. L. McCluney, 171, 7; 21. Drane—J. H. Sutton, 12, 1; 22. Emhouse—C. W. Collins, 53, 2; 23. Montfort—B. G. Gorman, 3, 1; 24. Mildred—George O. Nokes, Sr., 28, 1.

25. Navarro Mills—W. A. Key, 16, 1; 26. Oak Valley—J. Walker Little, 20, 1; 27. Powell—Charles Kent, 50, 2; 28. Pursley—W. B. Payne, 25, 1; 29. Petty's Chapel—G. H. Blankenship, 10, 1; 30. Purdon—W. E. Forshaw, 30, 1; 31. Richland—Tom Green, 48, 2; 32. Currie—M. C. Woodruff, 14, 1.

33. Rural Shade—Marvin Henderson 9, ; 34. Roane—H. R. Fluker, 33, 1; 35. Rice—John Lackey, 52, 2; 36. Navarro—Pete Goodin, 29, 1; 37. Rushing—C. E. Livingston, 9, 1; 38. Retreat—A. L. Weeks, 12, 1; 39. Tupelo—D. G. Gatlin, 21, 1; 40. Winkler—Jack Steele, 17, 1.

41. White's Chapel—F. P. McCuiston, 61, 2; 42. Emmett—F. M. Watts, 18, 1; 43. Rodney—C. D. Carter, no election, 1; 44. Westbrook—Clyde Westbrook, 11, 1; 45. Eldorado—C. E. Hull, 14, 1; 46. Raleigh—M. O. Thomas, 10, 1.

Grand Prairie Is Victor Over Local Contingent, 10-3

By TALMADGE CANANT

Corsicana's City Cab softball team dropped a 10-3 decision to the Grand Prairie Jaycees here Monday night at the official opening and dedication of Bobby Territo Park, new softball field erected by the Corsicanan Softball Association.

Jack Stroube, one of the vice-presidents of the Association, dedicated the field in a short address prior to the game, to the youngster "whose spirit will play here forever."

The Monday night dedication did not open league play, but only practice play betwen local teams in the league against out of town teams.

City Cab's team showed a lack of practice which showed up in their fielding and pitching. It took the locals three innings to settle down, and by that time the Jaycees had counted ten runs, with the Cabbers still scoreless.

After the third the locals tightened up, however, and held the visitors scoreless for the remainder of the game, as well as pushing three of their own runs across the rubber.

Charlie Smith went the route for the locals, fanning 12. The Jaycees nicked him 8 hits, however, and he helped the cause along by walking four and hitting three batters. Hintze of the Jaycees fanned but 5, gave up six hits and did not issue a free base.

Practice play will be continued at the field tonight, when Oil City plays the Teague All-Stars. Game time is 8 o'clock.

Bobby Howard Let Bengal Batters Get Two Bingles

By TALMADGE CANANT
Sun Sports Staff.

Corsicana Tigers bowed before the Waxahachie Indians at Bobby Territo Park here Tuesday afternoon, 7-2, in a game that saw the Felines come back and battle on even terms with the visitors after the hectic fourth frame that put the Indians ahead.

Hurling fine ball, Bobby Howard struck out 18 Bengal batters and held them to two hits. It was his hurling that kept the locals in a scoreless position in the last seven frames.

A double and two singles in the first frame gave the visitors two runs, and Corsicana counted two runs in the second off Dawson's error, tying the game up. After a scoreless inning, Waxahachie came to bat in the fourth.

Big Fourth Inning.

Katz singled and Lovelady got on via J. Crook's error. Hodge got on via a fielder's choice as Bowen threw Katz out going down to third. Bowen then gave up one of his only two walks of the day, and Dawson tripled to deep center to bring in three runs. Dawson scored on Saunders' single, and Bowen struck out Howard to retire the side.

Bowen turned in a fair performance, holding Waxahachie to scattered hits except in the fourth. It was Howard's day on the mound, however.

The Tigers have now won two and lost two in district competition. Their next district game is a Temple next Tuesday afternoon against the Wildcats.

Permanant License Plates.

A. A. Armstrong, assessor and collector of taxes, Wednesday called attention to the statues that provide that permanent license plates issued to motor vehicles of state departments, counties, cities or school districts shall remain on the equipment to long as such equipment belongs to those subdiyisions.

The statutes also provide, Armstrong said, that when any vehicliie registered with tax free plates ceases to be owned by the state, county, city, school district or other political subdivision, the plates and registration receipts must be forwarded to the Texas highway department for cancellation.

Oil City Softball Ten Downs Teague In Exhibition Tilt

Oil City's softball team took a 11-5 victory over the Teague All-Stars at Bobby Territo Park Tuesday night. It was the Ironworkers' first game of the season before the home folks.

A loose first inning in which Oil City nicked Teague for two hits and capitalized on three errors gave Oil City an eight-run lead. They added three more in their half of the sixth.

Teague settled down after the first inning, scoring four of their runs in a sixth innng rally.

Another exhibition game will be unreeled tonight at the local park at 8 o'clock, when the Texas Power and Light nine meets the First Methodist church of Hillsboro.

Burglars Enter Summer Lodge

County officers Tuesday were investigating the burglarizing of the summer lodge at the Rock quarry, Earl McDaniel farm, adjoining Love bridge on Richland creek south of Pickett and northwest of Richland.

Entrance was effected by tearing off porch screen door. Household effects valued at $150 were missed. The exact time of the burglary is not known since the lodge had not been visited by the owner for some time. The house is located on one of the higher points on the Pisgah Ridge formations in that section of Navarro county.

Sheriff David Castles and Deputy R. E. Jones investigated the matter.

Released On Bond

Frank Ruiz, charged by complaint before Judge W. H. Johnson Monday with assault with intent to murder, was released on bond of $1,000 Tuesday.

He was arrested by the sheriff's department on Post Oak creek in North Corsicana Monday in connection with the slashing of Maggie Tirado Saturday night.

The woman is in the Corsicana Hospital and Clinic suffering six knife wounds about the neck, arms and body.

The wounded woman's condition was improved Tuesday afternoon.

NEW A-C TRACTOR MOUNTS ENGINE IN REAR, IMPLEMENTS IN FRONT FOR BETTER VISION

A new light weight farm tractor with implements mounted in front of the operator has just been announced by the Allis-Chalmers Tractor Division. Designed similar to rear-mounted engine road graders for highway construction, the new unit has its power plant behind the driver.

MILWAUKEE, WIS.—A new farm tractor in the low priced field featuring a rear-mounted engine design was recently placed in production at the Allis-Chalmers Mfg. Company's Gadsden, Alabama, plant.

A noteworthy feature of the new light weight Model G tractor is the unusually wide range of operator-visibility permitted by the rear-mounted engine design. By shifting the engine to the rear, A-C engineers report they have succeeded in mounting farm implements in full view of the operator.

A complete line of front-mounted, quick hitch, companion implements designed especially for use with the new tractor is also being produced by the company's tractor division.

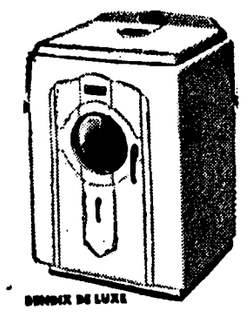

The new Model G tractor is equipped with a 4-cylinder, L-head engine—2⅜" bore; 3½" stroke; 62 cu. in. piston displacement—and is capable of handling one 12-inch moldboard plow in average soils at customary plowing depths. It has 4 forward speeds, including a super-low gear for operations requiring extremely slow speeds. Fuel consumption is low, running from 2 to 3 quarts per hour under medium to heavy loads. Tractor wheel treads can be adjusted to fit any row-crop spacing. Any of the "G" implements can be attached to the tractor or removed from it in 5 minutes or less. The plow, like the planters and cultivators, is mounted ahead of the operator—a radical departure from conventional practice.

In a prepared statement, W. A. Roberts, Allis-Chalmers Executive Vice President, said: "In the new Model G tractor and the implements designed for it, we believe we have contributed a farm tool that will further advance the mechanization of agriculture, lower farm production costs, and place the advantages of mechanization within reach of thousands of farmers, who are still using animals and other unprofitable forms of farm power.

"We believe that this tractor will find a useful place on family farms of all types and sizes, because of its adaptability to all field operations, particularly those requiring great accuracy and precision."
